Programmes for Slow Learners

Students with Learning difficulties are given special attention and support to cope with their studies. The college adopts following measures to help slow learners with their learning difficulties and challenges.

- ✓ Remedial classes
- ✓ Assignments
- ✓ Personal and academic counselling
- ✓ Mentorship programme
- ✓ Peer mentoring.

Slow Learners 2022-23

The remedial classes are conducted outside the regular class hours. These classes are designed carefully and are mostly activity based are organized to improve the performances, to clarify the doubts and to the re-explanation on the topic. Solved past question papers are discussed in the remedial classes and slow learners are encouraged to resolve the model paper on their own. It has been observed that students identified as slow learners, after providing remedial coaching, special guidance, extra lectures etc, have successfully performed and improved their grades/marks in the End semester examinations.

Peer Tutoring

This is Lubna Arif from B.sc MCZ bearing Hall ticket no - 120422457030. During my semester there were certain situations in which I was lacking the clear understanding of certain topics / notes. On the suggestions from my respective lecture I reached out to my friend (Sofija Nishath bearing hall ticket no - 120422457013, Bsc. MCZ) who had a better understanding of the topic and in a simple way she explained it to me. It was a great help to me. And sometimes she also reached out to me for the topics she didn't understand. It was a mutual help. We exchanged the knowledge regarding the topic which was helpful further, In order to make up what we missed. My concerned lecturers always encouraged me [Jureeia mam - Zoology dept, Swapna mam - microbiology dept] always to look for better understanding solutions and to develop social and communication skills among my classmates. Give us reference books names to refer from library

Dear Sir/Mam,

I Ms. Mandira Senapati, Parent of Ms Tamanna Senapati B.Sc Second year NCB., would like to extent my gratitude to the management and the teaching faculties of St Anns College. My daughter is having low vision issues. The college management and teachers have provided her necessary facilities to ensure her education. I would like thanks the Dept. of Nutrition, Chemistry, Botany and Languages for supporting, guiding her to complete her education. The Dept. of library too provided necessary books to enhance her education. The support from the teachers have elevated her level of confidence. Hoping the institution will continue to give her support.

Thanking You.

Mandira Senapati

Dear Mam/Sir

Iam Tamanna of IInd yeear NCB. Student of StAnns College As iam visually challenged. The kind of support that I get from the college is really very appreciable. All my teachers from various departments help me incase of any difficulty. All my teachers take care of me personally. They make sure that I will not be having any difficulties. As practical was little hard for me in doing. All my teachers they helped me they used to give me personal attention. They even provided scribe when ever required For my theory exams the management has provided me a scribe who helps me in reading out the question paper. Not only this the college has also given me scholarship for my education. I would like to thank all the departments of Nutrition, chemistry Botany and language department including the management for giving and building my confidence.

Thanking You
Tamanna

Dear Mam,

I am Nandita Raj Singh, A student of IInd year Bsc. MSDs bearing hall ticket number 120422539016. I hope this letter finds you well.

I wanted to take a moment to express my sincere gratitute to the St. Ann's college management for providing specially abled students all the necessary assistance and accummodations in campus. As a physically challenged student college have provided me a scolarship in my first year. Besides, I was given an exemption in payment of examination fees in my first and second semester exams, and will be continued to have exemption until I complete my sixth semester i.e until I complete my degree. I thank college for providing specially abled students a financial support which is indeed needed. Other than this we are also permitted to use elevator in campus.

Being differently abled is not just about physically facing difficulties but also mentally, how we are treated as a person. By my past experience, I have faced a lot of indifferent behaviour from the people

around me. Obviously in college too I had to face it but not to an extent I have faced earlier. It is important to understand that being physically challanged doesn't make us less talented. And Im sure St. Ann's understands it well.

Last but not the least I would thank my teachers for being supportive whenever I needed their guidance.

with utmost gratitude,
Nandita Raj Singh

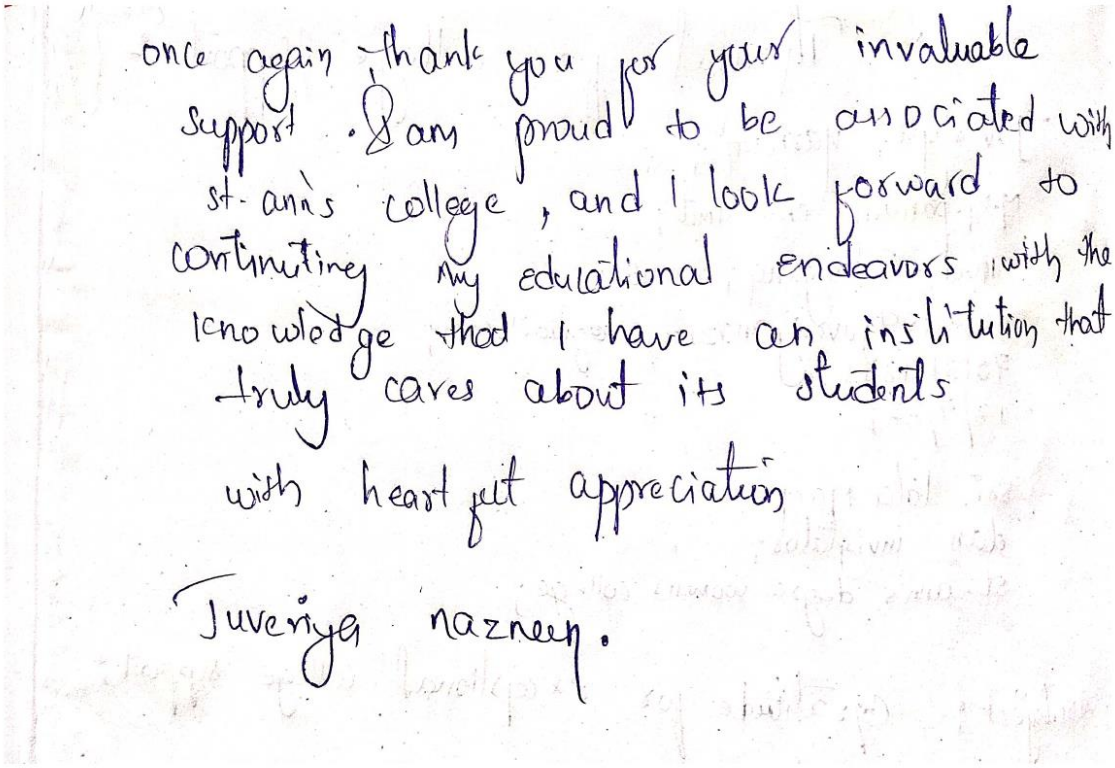
Dear sri lata may

I hope this letter finds you in good health and high spirits. I am writing to express my deepest gratitude for the outstanding support I have received throughout my time at st. anns college as a person with a disability, the assistance and accomodations provide by the college have made an immeasurable impact on my academic journey

one of the most significant contribution to my success has been the provision of accessible facilities, particularly the use of elevator. I would also like to extend my heartfelt appreciation for the scholarship opportunities provided by st. ann my college. they also shifted the class on ground floor because of my facility



once again thank you for your invaluable support. I am proud to be associated with st. ann's college, and I look forward to continuing my educational endeavors with the knowledge that I have an institution that truly cares about its students

with heart felt appreciation
