## Department of English

The literary activities motivate the students to exhibit their talents in the various competitions conducted by the Department. Picture Contest, Poetry Recitation competition, an intra-college event, brought out the talent in students. Ann Mega Quiz, in collaboration with Department of Library & Information Science is exclusively for the first year students.

Picture contest was conducted to commemorate Friendship Day on 3<sup>rd</sup> August, 2018.

Students enthusiastically participated in the event by submitting photographs taken with their friend(s) with appropriate captions.

The winners

I prize - Narmada Bedika BA III

II prize - Priyanka, Niharika, Amareshwari, Lakshmi Prasanna, Sai Shravani II RCB

II prize – M. Hatitha, Aditi Khamamkar, I. Reshma GCZ III

III prize – Ruqaiya, Kulsum NCB II

Consolation prize - Syeda Fatima Zehra BCOM IAF IIB

# St. Ann's College for Women

Mehdipatnam, Hyderabad.

## Poetry Recitation competition was conducted on 18<sup>th</sup> September, 2018.

Poetry recitation links memory with audio and visual events, offers students the freedom for self-expression using words and emotions to convey a message to the audience.

The winners

I prize – Shiny Meenakshi BBM I

II prize – Mehvesh Maqsood BA (PLP) I

III prize – Fareha Siddiqui BA (PLP) II

Consolation prize – Nema Najaf BA III

Consolation prize – Zainab Fatima BCOM III B

The Department conducted the following competitions during Annofesta celebrations:

Tall Tales (story recitation)

The winners

I prize – Syeda Hafsa BCOM III B

II prize – Syeda Ayesha BCOM III B

III prize – Madiha Ayesha BCOM III B (FIN)

Candid Camera

This competition creates interest in students to capture special and spontaneous moments through their camera and submit the same to be analyzed,

## World Mental Health Week:

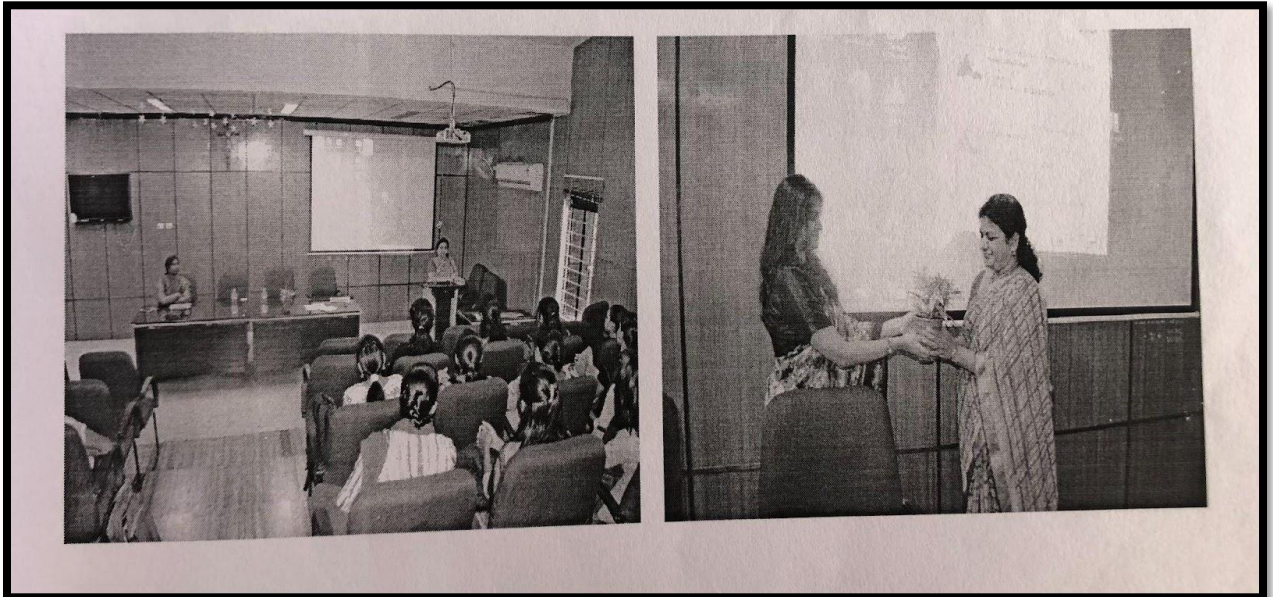

Observed World Mental Health Week from 3<sup>rd</sup> - 10<sup>th</sup>, October, 2018. On the day of inauguration a skit was enacted by the students of Psychology to educate how important the Mental Health is for every individual. During the week many competitions and activities were held for the students of the college. The Week was concluded with the activity called “Let Go Session” in which students participated by leaving the balloons in the air.

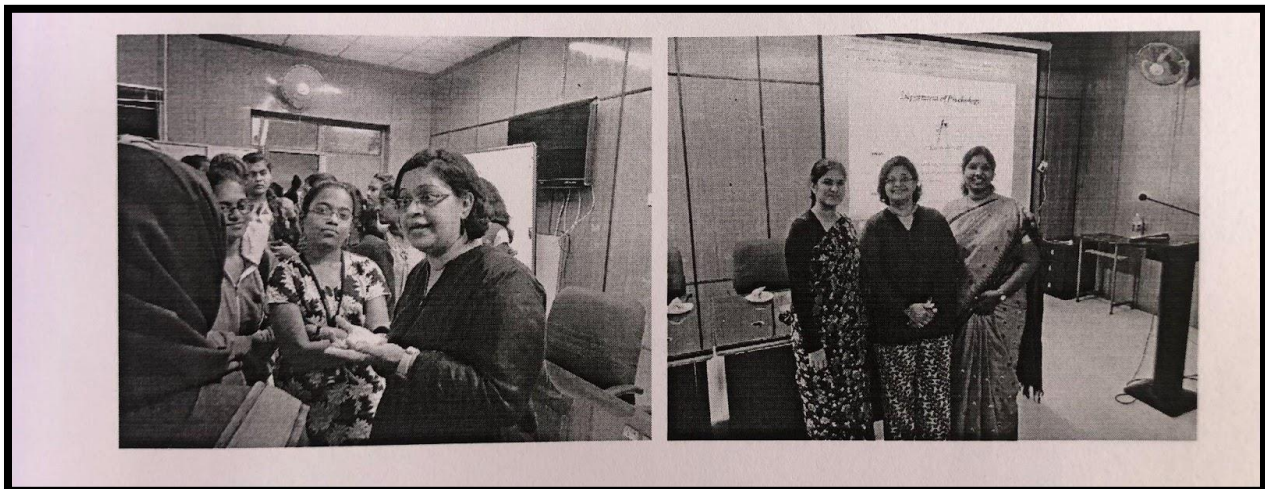

**Guest lecture on Anxiety and Mood Disorders by Dr. Kiranmayi Bapi, PhD (Gold Medalist)**, chief therapist & founder - Building Bridges-, Informative Lecture on the disorders not only to facilitate students by giving a lecture of way of PPT but also interactive. Number of students participating consisted of mainly III year students of Psychology, and some of I and II students.

## DEPARTMENT OF BIOCHEMISTRY

### Teaching and learning Methodology

Biochemistry is the heart of life sciences. It is one of the foundation sciences in medical curriculum and other life sciences which has immense importance in understanding clinical sciences.

# St. Ann's College for Women

(Autonomous), Affiliated to Osmania University  
Accredited by NAAC with A<sup>+</sup> Grade (3<sup>rd</sup> cycle), CPE by UGC  
ISO 9001:2015, 14001:2015

Mehdipatnam, Hyderabad.

- **Concept mapping** is an important Teaching and learning tool to foster the relevance of biochemistry to various applications. It enhances their reasoning and learning skills for deeper understanding of biochemistry. Concept mapping is an important tool to facilitate active self-directed and deep learning. Many of the key topics of Biochemistry are taught using concept maps, illustrations and flow charts which simplifies complexity and enhances easy understanding.
- Case based learning to develop analytic and diagnostic thinking skills. CBL exposes students to real medical problems and helps them in interpreting and solving the problems. CBL is an integrated teaching strategy of the basics of Biochemistry and clinical sciences. **Case studies** have been introduced under certificate course on Molecular Diagnostics which is mostly having applications in Diagnosis of diseases at molecular level.
- CBL will be emphasized in the final year curriculum to create an innovative curriculum consisting of concept mapping with clinical cases involving various stages like brainstorming stage, organizing stage, layout stage, linkage stage, revising and finalizing stage
- **Mini Wet lab student research projects** were allotted to second year students under **Project Based Learning**.
- **Science Video presentations** were done by the final year students on topics from paper 5 and paper 6

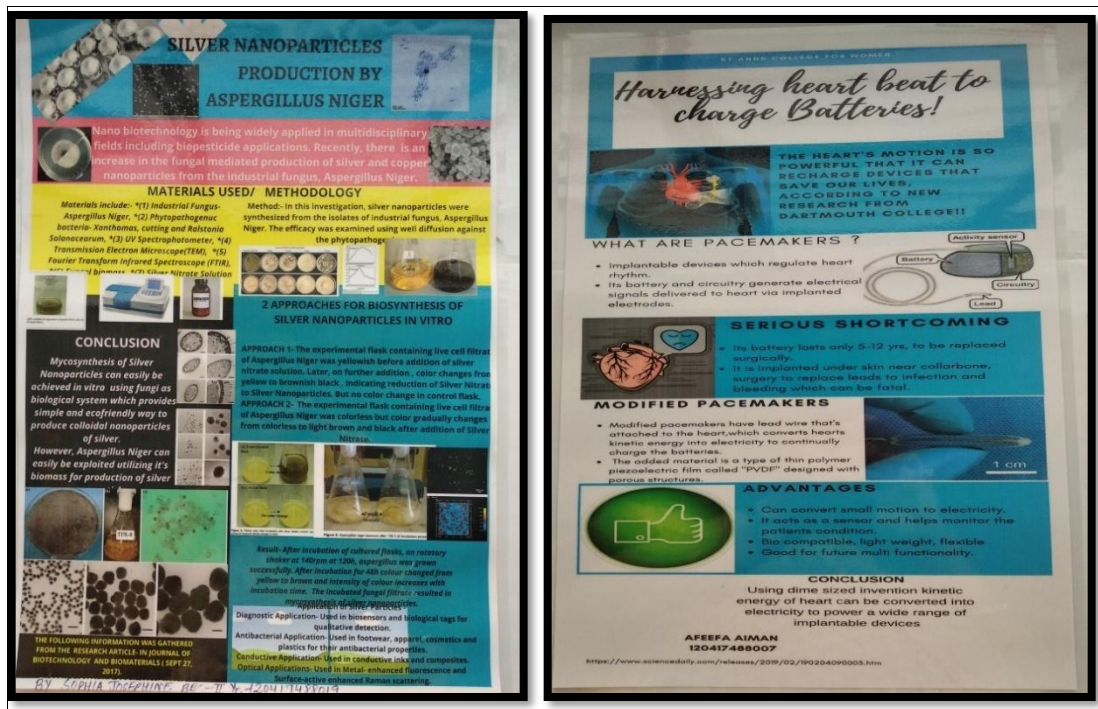

## Design Infographics using online tools

Short description of method

An infographic can help you simplify a complicated subject or turn an otherwise boring subject into a captivating experience. Ideally, an infographic should be visually engaging and contain a subject matter and data that is appealing to your target audience. Infographics on various topics are also available on Pinterest which can be saved and used in our class presentations.

Infographics

Students were allowed to choose a Research article from a Science Magazine and design an Infographic on the topic using tools available online like Canva and EasilyInfographics  
Done by our students

## Biomolecule of the year -3D Model and designing an election poster

Short description of method

In this activity, students create a poster "boasting" about a macromolecule.

This Election poster includes the following components

The Biomolecule Name

The elements of which it is composed

The subunits or the monomers it is made up of

What Food it is found in

Where it is found in cells

Its function in cells

Chemically speaking what do I look like-3 D Model of the Biomolecule is made

What makes the Biomolecule that it is

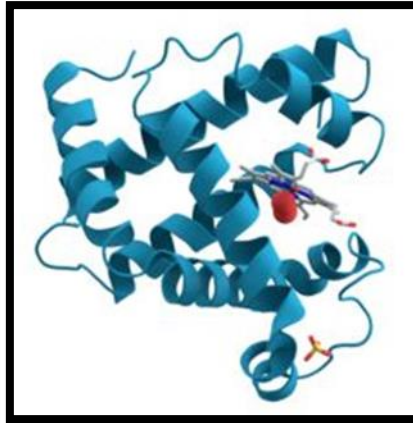

Why I am So Special?

The goal is to get other students to vote for their macromolecule as the "Macromolecule of the Year". Students love the competition. At the end, students vote for the "best" macromolecule (any poster but their own).

This assignment had created a positive impact among students as they learnt the structures, composition and the functions of the biomolecules by using Hands on method involving their creativity and analysing skills. This involvement captured their attention. This activity made the learning process more challenging and interesting. It enhances student's creative thinking skills and better understanding of the concept.

## Guest Lecture By Prof. Daksh Lohiya and Prof. Emeritus

A guest lecture in collaboration with Royal society of chemistry was organized for the general audience on "Working with Stephen Hawkins" by Prof Daksh Lohiya, Professor Emeritus, University of Delhi, Delhi-Ph.D student of **Prof. Stephen hawking**, world-renowned British theoretical physicist

### Guest lecture on Careers in Chemistry

**Date** : 7/02/2019

**Location** : F2

**Duration** : 2hrs

**Resource Persons** : Dr. Karunakar Tanneru, Dr. Uppula Purushotham (Directors)

Mr. Rajkumar Gattu , Associate Data Scientist

Qstatix- Hyderabad

Chemistry Circle

**Target Group** : M.Sc I and II years

### **"Ideas are a commodity, execution of them is not."**

As part of a move to encourage the students and give a chance to startups, the department of Chemistry invited Qstatix, an online based company to visit the M.sc students of Chemistry. They are a research based company who offers online training and research work for students and young individuals especially orientated in the area of chemistry.

# St. Ann's College for Women

ISO 9001:2015, 14001:2015  
Mehdipatnam, Hyderabad.

6	Lavanya	M.Sc I year
7	Sri Charana Gupta	M.Sc II year
8	Ashwini	M.Sc II year
9	R S N D Bhavani Sravani	M.Sc II year
10	Sabreen Sultana	M.Sc II year
11	Gouthami	M.Sc II year
12	Savithri	M.Sc II year
13	Harisha	M.Sc II year
14	Ayesha	M.Sc II year
15	A R Deepika	M.Sc II year

## Brief Report:

Math Club for advanced learners during the academic year 2018-2019 focused on training the students for Data Science. Mathematics is the bedrock of any contemporary discipline of science. Almost all the techniques of modern data science, including machine learning, have a deep mathematical underpinning. Keeping this in view, M. Sc students were trained to prepare the power point presentations in various topics of Data Science . **Snapshots:**

**Outcome:** Students were trained in topics of Data Science, application of mathematics in Data Science field through Seminars, debates Powerpoint presentations and group discussions.

**2 Name of the Event: Guest Lecture - Applications of Mathematics**

**Date:** 3<sup>rd</sup> August 2018

# St. Ann's College for Women

(Autonomous), Affiliated to Osmania University  
Accredited by NAAC with A<sup>+</sup> Grade (3<sup>rd</sup> cycle), CPE by UGC  
ISO 9001:2015, 14001:2015  
Mehdipatnam, Hyderabad.

**No. of students participated:** B.Sc, M.Sc – Mathematics

Prof. Y V K Ravi Kumar from BITS PILANI was invited by the Department of Mathematics on 3<sup>rd</sup> August for a talk on Mathematical Modeling -Trends and Challenges for the Undergraduate and Postgraduate students.

**Snapshots:**

**Outcome:** Guest Lecture focussed on various modelling techniques and its applications in the field of medicine, industry, research, agriculture etc.

### 3. Name of the Event: Guest Lecture - Advanced Complex Analysis

**Date:** 9<sup>th</sup> February 2019

**No. of students participated:** M. Sc – Mathematics students

**Brief report:**

# St. Ann's College for Women

(Autonomous), Affiliated to Osmania University  
Accredited by NAAC with A+ Grade (3<sup>rd</sup> cycle), CPE by UGC  
ISO 9001:2015, 14001:2015  
Mehdipatnam, Hyderabad.

Department of Mathematics organized a guest lecture titled “**Prime Number Theorem**” an extension study of complex analysis by Eminent Professor and chairman board of studies (computer science) C. Goverdhan on 9th February 2019.  
**Snapshots:**

# St. Ann's College for Women

(Autonomous), Affiliated to Osmania University  
Accredited by NAAC with A<sup>+</sup> Grade (3<sup>rd</sup> cycle), CPE by UGC  
ISO 9001:2015, 14001:2015  
Mehdipatnam, Hyderabad.

**Outcome:** The target group was M.Sc students where sir gave a brief introduction to the theorem and its applications through real time examples. the response from the students was overwhelming and satisfactory.

**4. Name of the Event:** Guest Lecture - Glimpses of Ramanujan's Life

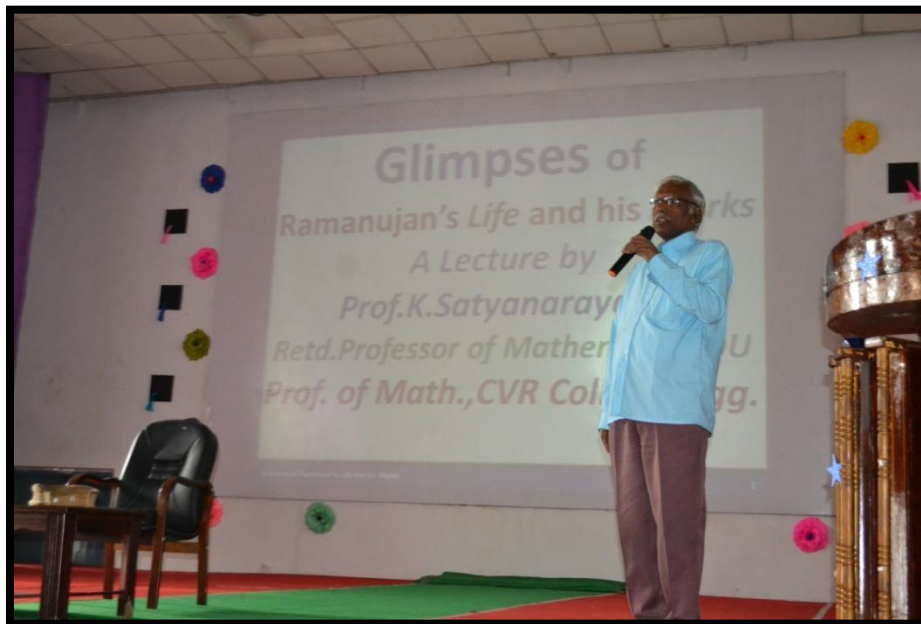

**Date:** 2<sup>nd</sup> February 2019

**No. of students participated:** B. Sc, M. Sc – Mathematics students

**Brief report:**

Department of Mathematics organized a guest lecture titled "Glimpses of Ramanujan's life and his works" by eminent Professor K. Satya Narayana from CVR College of Engineering on Feb 2nd 2019. The target group was undergraduate and postgraduate students where sir spoke about the life of distinguished Indian Mathematician Srinivasa Ramanujan and his immense contribution to the field of Mathematics.

**Snapshots:**

# St. Ann's College for Women

(Autonomous), Affiliated to Osmania University  
Accredited by NAAC with A+ Grade (3<sup>rd</sup> cycle), CPE by UGC  
ISO 9001:2015, 14001:2015  
Mehdipatnam, Hyderabad.

**Outcome:** Guest Lecture was very interesting. Sir spoke about the life of distinguished Indian Mathematician Srinivasa Ramanujan and his immense contribution to the field of Mathematics.

## 5. Name of the Event: Seminar on Personal Counselling

**Date:** 01 March 2019

### **Brief Report:**

Academic Advising by staff is an opportunity to exchange information designed to help students reach their educational and career goals. Advising is a shared responsibility between an adviser and the student. Ultimately, it is the responsibility of the student to make decisions about his/her life goals by creating a plan to reach those goals. On the other hand, Personal Counseling aims to help students realize, develop and fulfill their personal potential in order to maximally benefit from their college experience and manage the challenges outside. Students require personal counseling by staff because of a wide range of concerns including, but not limited to: depression, anxiety, abuse, stress, self-esteem, relationship issues, etc.

**No. of students participated: 16**

**List of students:**

# St. Ann's College for Women

### **6. Name of the Event: Career guidance and competitive exam training**

**Date: AY 2018-2019**

**Venue: AV room , St. Ann's College**

**No. of students participated: 100**

**List of Students: Math and non-math students**

#### **Brief Report:**

Mathematics being the Queen of all sciences is an essential tool to excel in most of the competitive Examinations. Keeping this in view, Department of Mathematics has taken up “Applications of Mathematics for Competitive examinations” as a career oriented course for second year undergraduate students to sharpen their Mathematical skills.

The course is all about understanding the concept to solve a problem and applying it in various phases, which helps a student sharpen her numerical abilities and problem solving skills. Around 100 students from various B.Com, B. Sc streams joined the course which proved beneficial in developing proficiency towards learning short cut methods to solve problems.

The course had proved very fruitful in imbining self confidence among students to clear various competitive Examinations like CAT, GMAT, GRE, GATE, Bank Entrance Examinations etc

**Snapshots: Inaugural session picture**

## Brief Report:

Srinivasa Ramanujan is a renowned Indian Mathematician whose substantial contribution to the field of Mathematics is ceaseless and remarkably significant. As a mark of admiration for his work and massive contribution to various fields of science, Department of Mathematics has taken the Undergraduate and Postgraduate students for the movie titled “The Man who knew Infinity” to showcase the importance of subject. The response received from the target group was overwhelming and satisfactory.

## Snapshots:

**Outcome:** Students were given shown the life of Srinivasa Ramanujan as a movie. The response received from the target group was overwhelming and satisfactory.

**Name of the Event: Puzzle of the Week**

**Date: AY 2018-2019**

**Venue: St. Ann's College for Women**

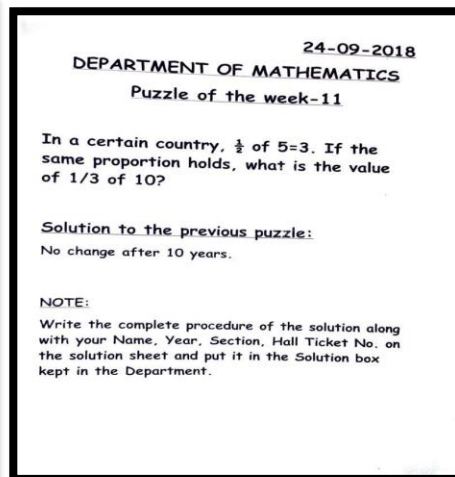

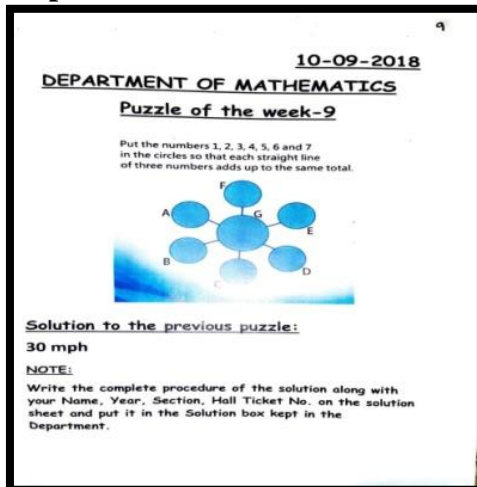

**No. of students participated: 65**

**List of Students: Math and non-math students participated.**

**Brief Report:**

Department of Mathematics organized this best practice as department activity develop and enhance the student's problem solving skills. It enhances critical thinking, increase interest and commitment among students to pursue careers in mathematics.

**Snapshots:**

**Outcome:** To increase interest and commitment among students to pursue careers in mathematics and to develop critical thinking, problem solving skills etc.

**9. Name of the Event: Mathematical Treasure Hunt**

**Date: 15<sup>th</sup> Dec 2018**

**Venue: St. Ann's College for Women**

# St. Ann's College for Women

(Autonomous), Affiliated to Osmania University  
Accredited by NAAC with A<sup>+</sup> Grade (3<sup>rd</sup> cycle), CPE by UGC

Mehdipatnam, Hyderabad.

**No. of students participated: 50**

**List of Students: Math and non-math students participated.**

## **Brief Report:**

Department staff conducted treasure hunt competition as a part of Annofesta celebrations. To improve arithmetic, logical & reasoning skills of students and also the ability to solve the problems at a faster phase.

## **Snapshots:**

**Outcome:** Students participated with great enthusiasm. It helped students to develop critical thinking skills, problem solving skills and time management.

### Field trips and Industrial visits

The second year students of genetics were taken to Centre for cellular & Molecular Biology on opening day i.e. 26-09-2018 to get focused on various techniques and concepts in Molecular Biology and Genetic Engineering .The student beneficiaries were 35 .

All the students were keen while demonstration of techniques and took their observations and later gave their feed back on this field visit .
