Precious effort has gone into the making of the book. Revamping and redesigning of the syllabus and planning the course module was done under the guidance of Mrs. Sujatha Prasad and co-ordinated & compiled by Mrs. Rani George which was an arduous task. This book has evolved due to the careful review and revision and dedication of the co-ordinating committee. I deem it a pleasure to thank both of them for their valuable services. I wish and pray to the Lord that this book will go a long way in enlightening our students and building a strong foundation of values and making them women of substance and finally agents of transformation.
