City Nature Challenge 2023

City Nature challenge 2023

The City Nature Challenge 2023, a global competition between cities aimed at documenting urban biodiversity, took place from April 28 to May 1. From India, 35 cities participated in the challenge & globally there were a total of 483 cities participating from 46 countries. It was the first time such a big number of cities had participated from India.

Hyderabad, participating in the challenge for the very first time, emerged as the top Indian city in terms of number of observations and participants count. Globally Hyderabad was ranked 12 in number of observations. Over 337 community scientists recorded 30,361 observations of 1,984 species during the four-day competition

St. Ann's Eco club volunteers 12 of them along with two Faculty members AM Sylaja and Meenakshi are among the 300 *volunteers* who participated in 🦋🐿️ **City Nature Challenge from Hyderabad** 🐞🌱 for bringing it to the **TOP rank** 🏆 in the challenge from India! and Hyderabad has grabbed the twelfth position globally!

The city has recorded over 30,000 *observations* of biodiversity!
