7.1.5 Green campus initiatives

## Green Initiatives 2022-2023-Report

Educating students about environment protection can bring about a change in their outlook and make them aware of their duties to conserve nature. It is essential to inculcate compassion among students towards environment and sensitize on issues related to environment and development.

### Eco club level activities

#### Sale of Eco-friendly Ganesha on 30<sup>th</sup> August,2022

As a part of Eco Friendly initiative, Dharini Eco club in Collaboration with Green Waves Organisation has put up a stall for sale of Eco friendly Clay Ganesha idols in our college campus to create awareness of Eco friendly idols. Enlightened the students and faculty on how bucket immersion of idols can protect our lakes from pollution there by avoiding the use of chemically made POP idols. The event was successful as it has created an impact of environmental consciousness among the people. The students of Environment Education course volunteered in the sale of the idols.

Sale of Eco-friendly Ganesh

### **Paper Bag Making on 3<sup>rd</sup> November, 2022**

Paper bag making activity was conducted where in the students were asked to prepare minimum 5 bags each using different kinds of paper like newspaper, Magazines and calendar's etc. students were assessed by there creativity and on time submission.

Making of paper bags

### **Sale of Biodegradable Sanitary Napkins on 17<sup>th</sup> November, 2022**

Menstrual Health and Hygiene is essential to the well-being and empowerment of women and adolescent girls. It's a fact that plastics have invaded our lives. In order to overcome the ill effects of chemical based Sanitary pads, APNA Green Products organization has come up with an eco friendly initiative of Bio degradable sanitary pads which are made of Corn, banana and bamboo waste which are skin friendly and chemical free. They have put up a stall for the sale of Bio degradable sanitary pads in the college premises. The sale created a big impact on many of the faculty and students as they shifted from regular pads to biodegradable pads. The students of Environment education volunteered for the sale of the products.

Sale of Biodegradable Sanitary napkins

### Department of Economics

**Plantation at Aziz Nagar Govt. Primary School on 12\_10\_2022 by second year EPP, PEP, HEP organised by Economics Department.**

### Department of Political Science

#### Water Conservation Day

The Department of Political Science observed Water Conservation Day in the college by organizing activities such as taking pledge, chanting slogan and playing skits on water conservation on 22<sup>nd</sup> March 2022

**Under Department of Political Science, Dhvani Volunteers visited as a part of the extension activity**

1. Visit to the Pottery Section
2. ICRISAT
3. Telangana Forest Academy
4. Water Conservation Day 22<sup>nd</sup> March 2023

5. Attending Seed Sowing Festival of Tangkhul, a Naga Tribe in Hyderabad in February 21, 2023

## Department of BBM

### The Department organised Green Challenges 2022 Activities:

- Get waste do best
- Eash on Plant one
- Plant in a nut

**ST. ANN'S COLLEGE FOR WOMEN**  
AUTONOMOUS, AFFILIATED TO OSMANIA UNIVERSITY ACCREDITED 'A+' GRADE  
BY NAAC (THIRD CYCLE) CPE BY UGC, MEDICAL CAMPUS, HYDERABAD-500028

**Department of Business Management (UG)**  
- LEARN, LEAD, LEGACY -

**#GREEN CHALLENGE 2022**

**GO GREEN Challenge**

**ACTIVITIES:-**

- 1. Get waste do best:**  
Collect plastic waste from the canteen or around campus and make best out of waste from it.
- 2. Each one plant one:**  
Each one plant one is to plant a sapling in a small pot to spread the greenery and to protect our environment.
- 3. Plant in a nut:**  
Collect the coconut shells and plant sapling in it or make any best out of waste through the shells.

**Contact:-** P. Akshaya (coordinator) | 7337505839

### Department of Nutrition

#### Following Are the Initiatives Taken by The Department Of Nutrition To Support Their Contribution For The Healthy And Safe Environment-

Lot of e-content in the classroom teaching is used and students are encouraged to use the e-platform instead of using hard copies.

The unused print outs are reused for rough work.

Steel bottles are used instead of plastic bottles for drinking water.

Earthen pots are used to store drinking water in the department,

The food prepared by the girls during the nutrition practical class is consumed by them, faculty and support staff and food wastage is minimized

The kitchen waste generated as part of the practical is used for composting and biogas.

St. Ann's College for Women (Autonomous),  
to Osmania University, Accredited 'A+' Grade by NAAC (3rd Cycle),  
College with Potential for Excellence by UGC,  
ISO 9001: 2015-ISO 14001: 2015  
Hyderabad- 500 028, India

As part of the green initiative, green greetings are presented to honour the invited speaker in various events.

All the dry waste like papers, books etc are given to the eco club for recycling. The lab attenders are trained to do bio composting from waste generated from lab during cooking practicals.

#### **LLIVOM- Live and Let Live With Vermicompost- An Organic Manure**

Live and Let Live With Vermicompost- an Organic Manure (LLIVOM), a sale of vermicompost, was organized and coordinated in the College Quadrangle on 22<sup>nd</sup> August 2022 from 12 pm- 1:00 pm by Dr. Tasneem Jahan, Dr. D. Divya, Mrs. Juvaria Azmath, Ms.Shazia and Dr.Poonam Dev. They were helped by the student volunteers of II Year BZC. The volunteers explained to the students and the staff about the importance of vermicompost and how it could be a better choice over chemical rich pesticides which harm both man and nature. The activity garnered positive feedback from the students who were interested in knowing more about the vermicompost and how they could implement the same in their home gardens.

#### **LLIVOM-Sale of Vermicompost on 22<sup>nd</sup> August,2022**

## Department of Botany

### Tree Plantation -Van Mahotsav on 5<sup>th</sup> July,2022

Van Mahotsav which is celebrated in the first week of July every year to create awareness about forests which was initiated in the year 1950 by **Kanaiyalal Maneklal Munshi** by planting trees at Rajghat, Delhi.

In view of Van Mahotsav department of Botany in association with NSS team planted trees at college Botanical garden where Principal **Dr.Sr.P.Amrutha** and Mrs. **D.Mahita**, Dean student affairs were the special invitees along with the Botany staff Dr.P.UshaShree, Ms.P.V.Neeraja, Ms.Roja,Ms.Anita,Dr.Shymala and NSS coordinator Ms.Beverly actively involved themselves tree plantation program along with student volunteers.

### **Outreach - Awareness on Solid Waste Management on 17<sup>th</sup> March,2023**

The Department of Botany organized an outreach activity on Solid waste management in Govt primary school, Deval Jham Singh , Model Cluster School, Navodaya Colony, Gudimalkapur, Hyderabad on March 17<sup>th</sup>, 2023. Students from III BZC took part in this session and explained about types of solid wastes, separation of solid waste according to category and steps involved and methods of disposal of solid waste. They also emphasized on 4R principle. Around 42 students from class VIII participated in this awareness program.

## **Biodiversity Conservation and Medicinal Values of 21 Leaves of Ganesh Puja on 27<sup>th</sup> August,2022**

**Department of Botany** organized an awareness program on twenty one leaves used in Ganesh Chaturthi puja as a drive to conserve the biodiversity. Around 25 girls from three years of B.Sc.(BZC&RCB) were selected as volunteers to educate the people regarding the botanical name, common name, medicinal value and the religious Sanskrit verse that is chanted while offering that plant leaves. Students laid repeated emphasis that only these 21 leaves should be plucked but not disturb the vegetation of their surrounding while offering prayers.

The procedure of disposal of these leaves after the puja were also demonstrated as a pollution control act. Most of the staff, students of the college and the visitors from outside took great benefit of this exhibit of the leaves.

College with Potential for Excellence by UGC,  
ISO 9001: 2015-ISO 14001: 2015  
Hyderabad- 500 028, India

**The Campus Bird Count is a sub-event of the larger Great Backyard Bird Count.** It is a coordinated effort to document the birdlife in multiple campuses across India. By “campus”, we include campuses of educational and training institutions, government institutions, research stations, corporate campuses, etc. Broadly speaking, any moderate to large sized area where people study, work or live. Campuses in India often contain surprisingly large amounts of important habitat for birds and other wildlife, even in urban areas. Documenting this wildlife is therefore important and it’s also fun and relatively easy!

A group of bird enthusiasts from our campus organized themselves in such a way that they covered all the different areas and habitats that our campus contains. The protocol is to walk around, and collect as many 15-minute ‘complete’ lists as possible. In other words, each 15 min list should contain *all* species detected in that time period which are Uploaded through eBird Mobile app.

### **City Nature challenge 2023**

The City Nature Challenge 2023, a global competition between cities aimed at

documenting urban biodiversity, took place from April 28 to May 1. From India, 35 cities participated in the challenge & globally there were a total of 483 cities participating from 46 countries. It was the first time such a big number of cities had participated from India.

Hyderabad, participating in the challenge for the very first time, emerged as the top Indian city in terms of number of observations and participants count. Globally Hyderabad was ranked 12 in number of observations. Over 337 community scientists recorded 30,361 observations of 1,984 species during the four-day competition

St. Ann's Eco club volunteers 12 of them along with two Faculty members AM Sylaja and Meenakshi are among the 300 **volunteers** who participated in 🦋🐜 **City Nature Challenge from Hyderabad** 🐞🌱 for bringing it to the **TOP rank** 🏆 in the challenge from India! and Hyderabad has grabbed the twelfth position globally!

The city has recorded over 30,000 **observations** of biodiversity!

Two of our Volunteers Ms Nabiya and Keerthi from Bsc BBC First year are among the top 20 Volunteers with maximum observations and will be awarded appreciation certificates shortly.

Rest all volunteers are in top 50

**Dharini Eco-club conducted a seminar on “ Eco- friendly solutions for a healthy environment”on 14th october 2022,in the AV room.The speaker of the day was Mrs.Aruna Dara,Who is a social entrepreneur,Founder & director of Apna green products.She was awarded as UNSUNG HERO at an International Summit and entered the World Book of Records as a power woman with the best product award from SIDBI.**

Dharini Eco club observed Earth hour 2023 by creating awareness about the event in student and Faculty groups and also social media handles to spread the word and see that maximum people participate in the event. On Saturday 25<sup>th</sup> March 2023 Earth hour was observed by switching off lights for an hour . Our student volunteers designed posters and created a short video on Significance of Earth Hour and why we should take part in it. Also students conducted a Awareness Quiz on Earth Hour importance in the student groups.

### City Nature Challenge

Generated by create next app  
[www.citynaturechallenge.org](http://www.citynaturechallenge.org)

CNC was initiated in 2016 as a competition between Los Angeles and San Francisco. It has now become an international event, motivating many people around the world to find and document wildlife in their own cities found in and around them. Its origins are from the Community Science teams at the California Academy of Sciences and the Natural History Museum of Los Angeles County (NHM). This is an annual four-day global bioblitz at the end of April, where cities are in a collaboration-meets-friendly-competition to see what can be accomplished when we all work toward a common goal. Please see <https://www.citynaturechallenge.org/> for more details.

The poster features logos for UN environment programme, UKaid, clean seas, Government of India Ministry of Environment, Forest & Climate Change, WWF, and CEE. The main text reads: 'TIDE TURNERS PLASTIC CHALLENGE' followed by '20 April 2023 | 2:30 pm to 4 pm (IST)'. Below this is a QR code with the text 'Scan to register' and 'GLOBAL LAUNCH 2023'. A sub-headline says 'Join the largest youth-led movement against Single-Use Plastics.' The bottom of the poster shows an illustration of people cleaning a beach.

Join us as we kick-start a brand-new phase of the **Tide Turners Plastic Challenge**, where the world will unite to witness change like never before.

### CATCH US LIVE FOR THE GLOBAL LAUNCH

**Date:** 20th April 2023

How can you be a **citizen scientist**?  
All it takes is 15 minutes for science!

Calling out citizens to join the  
**Campus Bird Count 2023-Pan India**  
volunteer project and conduct bird  
counts in your college or university  
campus!

College students or teachers  
interested in birdwatching can take  
this opportunity to join the global  
event, i.e. Great Backyard Bird Count  
(GBBC) where countries across the  
world compete for the top spot.

**When:** Between February 17th and  
20th.

**Location:** Campus of your college/  
university in your state

**Register here:** [https://people4planet  
.wwfindia.org/project.php?pid=469](https://people4planet.org/wwfindia.org/project.php?pid=469)
