DHARANI ECO CLUB

Event:Clay idol making workshop

Date: 29-08-2019

Venue: St. Ann's College For Women

Attended by: Eco club volunteers and CCA EE and NSS students **Target group:** students and faculty of St. Ann's College For Women

Brief Report:

In view of celebrating festivals in a Eco friendly way, Eco club of our college organised clay idol making workshop in our college premises, in collaboration with Green Waves environmental solutions. Around 100 students of our college participated in this event. Seed Ganesha Idols are not immersed in any water bodies, but when in our gardens water is poured on these idols, the idol dissolves and seeds in them start sprouting or growing. Greenwaves organisation has trained our students in making these idols with 21 different seeds like vegetable and medicinal plant seeds. The activity was organised on 29th August, 2019.

Same day NSS students were trained in making seed balls.

DHARANI ECO CLUB

Event:Workshop on Upcycling of Waste Materials

Date: January 2020

Venue: St. Ann's College For Women

Agenda: Beat Plastic Pollution-Upcycle waste into creative art pieces

Done by: Eco club volunteers and CCA EE students Resource

Person:Mr.Adithya, Green mitti Organisation.

Brief Report:

Upcycling, also known as creative reuse, is the process of transforming by-products, waste materials, useless, or unwanted products into new materials or products perceived to be of greater quality, such as artistic value or environmental value. The purpose of upcycling is reducing waste and improving the efficiency of resource use. There are many advantages of Upcycling such as, Reducing what goes into landfill. ...Minimal use of natural resources. ...Brings out the artisanal work of a person. Creating One-of-a-kind items etc.

Following the Mantra of **Reuse, Reduce and Recycle** and to improve the creativity of students Eco club organised Upcycling of Waste workshop in Collaboration with Green Mitti Organisation, by Mr.Aditya, (Resource Person) for the Environmental Education students On January 2020 totally 50 students participated in the workshop and learnt how to make creative and useful things with day to day waste like, plastic bottles, carton boxes, Straws, newspapers etc.. Students took part in the workshop by upcycling some of the available waste products on the spot. The participants shared their views saying that they have got to learn something creative through this workshop.

DHARANI ECO CLUB

Event: Swachhta Hi Seva Campaign

Date: 16-9-2019 – 28-9-2019

Venue: St. Ann's College for Women, Mehdiapatnam.

Target group: Volunteers of Eco Club and NSS

Brief Report:

Swachhata Hi Sewa Campaign is being launched by the Government of India from September 11, 2019 to October 2, 2019 with the aim to eliminate use of plastic and to dispose of plastic waste. Campaign is launched, commemorating the 150th birth anniversary of Mahatma Gandhi and fourth year anniversary of Swachh Bharat.

Swachhata Hi Sewa is being put forward as a cleanliness and awareness drive, aimed at encouraging participation in the Swachh Bharat Movement. PM Modi has called Swachhata Hi Sewa “A great way to pay tribute to Bapu (Mahatma Gandhi)” .

It is now high time that we all must realise the harmful effects of plastic pollution and contribute our bit towards bringing it down.

SCIENCE CLUB

Objectives

Science club was constituted in the academic year 2016-17 with the following objectives:

1. To inspire young minds towards innovation by bringing out their hidden talents and creativity.
2. To promote the culture of Science and Technology among the students of all streams of under graduation, irrespective of their discipline.
3. To create an awareness on scientific discoveries and profiles of Nobel Laureates in different fields of study.
4. To coordinate the departments in organising conferences, seminars and symposia.
5. To involve the students in compiling, editing and abstract development of research contributions in different fields of study for development of the research database.
6. To organise events viz; Collage, model making, Cartoon making, Quiz, seminars related to discoveries in different fields and theme of the year of the college.
7. To organise outreach activities to help and support differently abled children by adopting schools meant for them.

PLANS FOR THE YEAR 2019-2020

- Identification of less privileged schools and junior colleges in the neighbouring areas educate them in concepts of biology and science in general through practical demonstrations and models.
- Student level competitions will be organised on the theme **SCIENCE FOR HAPPINESS**

- Group discussions for students on the theme SCIENCE AND SOCIETY
- Development of science models using edible items
- Science exhibition to be organised on National science day

Report of activities conducted during 2019-20

At the beginning of the year students from different disciplines were motivated on the promotion of science and technology and the need of creating awareness on the day to day developments in science among students at various levels of study and society at large .

Approximately 15-20 students responded to our motivation and came forward to get enrolled . All of them actively participated in organising events of the club.

Members of science club

Science club has organised an event which rightfully demonstrated “*the science behind happiness*” emphasising the idea that science revolves around us in every aspect and celebrating the theme of our college *happiness*. It included various competitions like:

1. Elocution on the hormones related to happiness
2. Nail art that showcased the idea happiness
3. Photography competition, which allowed the students to interpret their version of happiness.
4. Cooking competition that included ingredients that boost the happy hormones in our body.
5. A heated debate was conducted on the topic whether sci-tech is making us unhappier?

The students had great fun and entertainment in understanding the importance of science through these activities. Winners of the competitions were awarded prizes and honoured with certification of appreciation

Event: Reading and writing workshop

Date of the Event – 19/08/2019

Brief Report-

The Department of English and the Department of Library and Information Science organised a reading and writing workshop in collaboration with HydRAW which was held in St. Joseph's auditorium on 19th August, 2019. The workshop started with a prayer by the students. The event commenced with the opening words of Ms. Sunita David, HOD of the Department of English followed by the introduction of the guest speakers –Mr. Mahboob Hussain, Ms. Lavanya Nukavarapu, Mr. Arun Kumar and Mr. Swapnil Saurav. It then proceeded to the first guest speaker Mr. Mahboob Hussain, giving a brief introduction about HydRAW and its achievements and an overview of the writing process. The next speaker Ms. Lavanya Nukavarapu spoke about her research process for her book *The Captive*.

A presentation and video was shown to the audience of how she conducted her research, the process and the struggle during her research. Methods and techniques were shared with students on how to find the actual information for their writing. Mr. Arun Kumar spoke about Ruskin Bond. The intricacies of Ruskin Bond story writing, the common pattern of plot and nature of his writings were discussed along with presenting different videos to the students.
