Annual Report 2022-2023

Preface

Building on a legacy of achievement, this has proven to be another unique and remarkable year for the College. Our commitment to provide knowledge and opportunities to our students through the offering of diverse programs of studies, which anticipate demand in critical socio - economic – research sectors. Our assurance was enhanced as we moved forward in unprecedented circumstances. Our strategy to accomplish the mission of the college is rooted in creating a favorable academic environment to promote teaching, learning and research, monitoring standards to make quality an integral part of the institution, carrying out periodical evaluations, reviews and feedback, formulating the development strategy and inspiring and motivating commitment and dedication. Presently all communications, interactions and deliberations have moved to virtual platforms, but what remains rooted is our commitment to provide quality education with guidance and mentorship to the academic community.

The college is privileged to have much accomplished faculty willing to devote all their energies to create a better turned out Annite.

This report acknowledges the performance of staff and students' teams committed to the College vision of academic excellence, skill enhancement and value enrichment and efforts to elevate the lives and fulfilling dreams of our student. The theme of the year is “**Resurgence**”.

IQAC continues in its steadfast commitment to student success and an improved student experience, and we are confident there are even greater heights that we have yet to reach. Our strength continues to be rooted in a strong institutional culture that puts students at the centre of our work. This report embodies that commitment.

IQAC Chronicle

IQAC at St. Ann's is a significant administrative body that is responsible for all quality matters. Primarily it initiates, plans and coordinates various activities that are necessary to increase the quality of the education imparted in an institution. Facilitating the creation of a learner-centric environment conducive for quality education and faculty maturation to adopt the required knowledge and technology for participatory teaching and learning process, IQAC arranges for feedback, works towards the development and maintenance of institutional database through MIS for the purpose of maintaining /enhancing the institutional quality and dissemination of information on the various quality parameters of higher education.

Internal Quality Assurance Cell acts as a channel to implement innovative changes to meet the vision of academic excellence and stimulate the academic environment for promotion of quality of teaching-learning and research. It -

- Coordinates periodic meetings with all departments & committees
- Academic Audits - Internal and external
- Coffee with Coordinator
- Promotes research by facilitating financial assistance to faculty
- Coordinates activities of Centers of Excellence
- Organizes faculty development programs and seminars/workshops to enhance quality
- Feedback collection and analysis for improvement

Governance, Leadership & Management

Leadership ensures to create an environment that fosters development of an institution. It helps in laying down a specific direction for an organization to articulate vision, devise plans, and facilitate decision making process. The management works towards providing an environment conducive to learning, teaching, academic inquiry and innovation, maintaining academic excellence and professionalism, ensuring adequate facilities for existing programs and strategizing for growth and expansion. The Institution believes in promoting a culture of delegation of powers through strategic policies to identify the organizational needs and strives to fulfill them.

For an effective governance every institution needs a comprehensive, clear and integrated planning system, which enunciates objectives to be pursued and plans of action to be adopted and a clear organizational structure that unambiguously defines lines of authority and accountability. To co-ordinate the academic and administrative planning and implementation effectively, the governance has been decentralized into different levels- IQAC, Deans, Head of the departments, Conveners of the committees.
