COACHING FOR MSc Entrance Dept of Genetics

Duration : February-March 2020

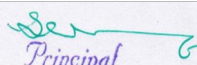

Beneficiaries : 45

The program started with learning concepts that are very advanced and little beyond the curriculum of the college to be expected for state and central universities.

Students were mentored to face any question or problem with easily understood solutions and explanations which are logic based.

The question banks of Central universities were compiled from e-resources available on the respective websites of different universities.

Students were made to practice the multiple choice questions, by improving the speed of thought process and time management to tackle optimum number of questions possible within the stipulated time.

❖ About the session:

The session started enthusiastically and energetically.

It began with the following contents -

1. Education and carrier
2. Influences on the perspective of students
3. Common values / skills for an industrial career
4. Branding yourself
5. Opportunities in industries
6. Fellowships upto PhD
7. Fellowships after the completion of PhD
8. Jobs@ academic institutions
9. Jobs at government research laboratories
10. Job opportunities in other countries

Professor Sasikumar Sir first started the session with a question 'what is Chemistry?'. He cited few examples about Chemistry and matter explained very simply and said that Chemistry as the 'Central science'.

Started off with education and career. Career perspective of most students is based on University experiences and mentors. Science in academia and business like, intelligence, ambition to succeed, scientific creativity, passion for science, selling your ideas, competition are some common values. Commercial values like Cross functional interfaces, Accountability...safety, financial, timing, Intellectual property, Business skills, Communication to non-scientist are unique skills.

Common Values/Skills for an Industrial Career

And also sir has explained about how to brand oneself in Resume, Digital footprint, Initial interview, Site interview. There are high opportunities in industries and in academic side. There are fellowships during Phd in BOYSCAST, INSPIRE, JRF, SRF, Common wealth fellowship(UK), DAAD fellowship(Germany), CNRS fellowship (France). There are fellowship after the completion of Phd in Post doctoral Fellowship (India and abroad), Common wealth Fellowship (UK), JSPS-UNU (Japan), DAAD fellowship(Germany), CNRS fellowship(France), Brain pool fellowship(Korea), SMF (Singapore). There are pretty many jobs at research laboratories and in other countries too. And also there is a fellowship in Japan for research study(Phd) which is for 18 months to 2years. There's a scheme for social background candidates belonging to SC/ST to pursue higher studies leading to M.Phil and Phd degrees in Sciences, Humanities, and Social sciences and Engineering and technology. This scheme is known as Rajiv Gandhi National fellowship. There is a fellowship in VIT.

Career Counseling Cell- 2019-2020

Career Counseling Cell is very instrumental with regard to the career opportunities for the under graduates. At CCC our motto was to create awareness and provide a platform for growth and enhancement of skills.

Every seminar was planned after detailed assessment of various aspects of employment and in accordance with current market requirements. Participative discussions were held for the students enabling them to make sound decisions in their careers. Companies having operations in Banking, Capital Markets, ITES graced the seminar and selected the students as interns and employees as well.

Companies participated included Deloitte company team, JMarathon, Corteva- Cognisense media pvt.ltd, Genpact, Bombay stock exchange, Woxsen School of Business, TCS, Reference globe.

Azent Overseas Education Limited and AIESEC also visited our campus and enlightened the students with prospects of higher education at different geographical locales across the globe.

We have organized 11 seminars during the academic year 2019-20 for the undergraduates of Science, Commerce, Business management and Arts.

All the seminars were successful as it helped many students in shaping up their career, knowledge about current job market situation and expected changes with the advent of new technologies like Block Chain, AI etc and also insight into overseas education.
