Report on Robotics Applications in Collaboration with 7S Technologies

MOU with 7S Technologies

Date: 18th July 2018

Event: Robotics Applications

Activity: Guest Lecture

Resource Person: Dr. Chandrasekhar, Director, 7S Technologies

Venue: English Lab, St. Ann's College for Women

No. of Beneficiaries: 104

Target Group: II MPCs , MECs

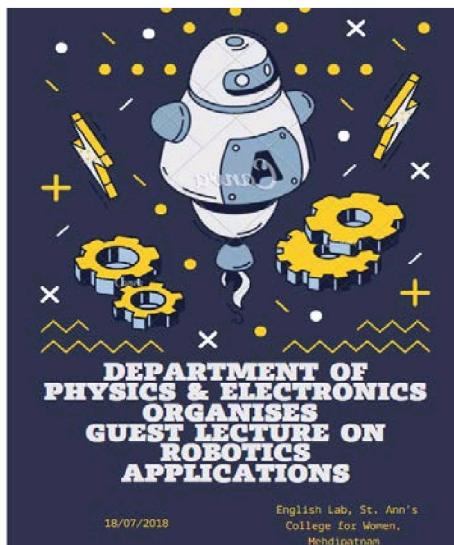

Objective:

- To motivate the students in the field of Robotics
- To motivate them towards internship in Robotics

Summary and Outcome

The students of II year Physics and Electronics were given an exposure to Robotics based designing and Applications. A few students to take up internships with 7S technologies.

Report on Collaboration of the Centre for Women's Studies (CWS) with BIRDS – Human Rights Resource Centre

2018-19

Collaborating Partner: BIRDS – Human Rights Resource Centre, Bangalore

Date: 15th & 16th February 2019

Event: 2-Day Human Rights Education Training Program

Beneficiaries: 50 Students

Mode: Offline

Venue: St. Ann's College for Women, Hyderabad

Report:

The Human Rights Training program was held on 15th & 16th February 2019 and organized by the Centre for Women's Studies in collaboration with BIRDS – Human Rights Resource at St. Ann's College for Women, Hyderabad. There were about **50 students from various departments** and other colleges.

DAY 1:

INAUGURAL FUNCTION

The two-day training program commenced with an inaugural function wherein **Ms. Popy Devi Nath**, Director, of the Center for Women Studies, welcomed the gathering. The briefing of the training was delivered by **Br. Albert Xaviour**, Director, BIRDS, Bangalore.

Rev. Sr. Dr. P Amrutha, Principal, St. Ann's College, Hyderabad, Inaugurated the training program. She reminded the students about the significance and worth of organizing such training with regard to the present scenario of the country.

St. Ann's College for Women
(Autonomous), Affiliated to Osmania University
Accredited 'A+' Grade by NAAC (3rd Cycle)
College with Potential for Excellence by UGC
Hyderabad- 500028, Telangana, India

TRAINING SESSIONS

The training sessions were conducted by **Br. Albert Xaviour**, Director, BIRDS, Bangalore. The first session was inclusive of self-introduction of the participants and their expectations from the program, formation of groups, followed by the history of IARF, HRRC and BIRDS. In the following session, a short video on the history of Human Rights was played which was followed by the explanation of the different kinds of Human Rights and the need for Human Rights Education. The explanation of the different rights was enhanced through various activities based on Human Rights.

Further, presentation and group discussion on the UDHR articles was also held and all of the five groups had presented the articles allotted to them in a creative way. The participants were also assigned to present each article through a skits and role play.

DAY 2:

The second day's session started with an introduction and a brief discussion of the POCSO Act, Conflict Resolution & Peace Building. This was followed by skit performances related to the UDHR articles where all the students took an active part.

St. Ann's College for Women
(Autonomous), Affiliated to Osmania University
Accredited 'A+' Grade by NAAC (3rd Cycle)
College with Potential for Excellence by UGC
Hyderabad- 500028, Telangana, India

The Statue Tableau game was introduced wherein the following UDHR Articles were enacted:

- 1) Article 18 (Freedom of Religion & Thought)
- 2) Article 5 (No Torture)
- 3) Article 25 (Food & Shelter)

A deep discussion about future activities which can be conducted in order to spread awareness of Human Rights in the states of Andhra Pradesh and Telangana was held in the afternoon. Thus with regard to this, **10 students were selected to form a team to support the Human Rights Resource Centre of Andhra Pradesh and Telangana.**

Activities during the sessions

VALEDICTORY FUNCTION

Mrs. Mahitha Davala, Dean of Students' Affairs delivered the valedictory speech and she has encouraged the students to put into practice what they learned from the training program.

Finally, Brother Albert Xaviour and other faculty members distributed the certificates of the training program to the students.

Report on Collaboration of the Centre for Women's Studies (CWS) with the National Commission for Women 2018-19

Collaborating Partner: National Commission for Women

Date: 15th March 2019

Event: One-Day National Conference on “*Cyber Crime and Victimization of Women: Challenges and Legal Response*”

Beneficiaries: 270 Students, Staff and NGO Workers

Mode: Offline

Venue: St. Joseph's Auditorium, St. Ann's College for Women, Hyderabad

Report:

A Sponsored one-day National Conference on “*Cyber Crime and Victimization of Women: Challenges and Legal Response*” was organised by the Centre for Women's Studies, St. Ann's College for Women, Hyderabad on 15th March, 2019

Venue- St. Joseph Auditorium,

St. Ann's College for Women

Participants: 270 Students, Staff, NGO Workers

The Centre for Women's Studies – Dhruvi, St. Ann's College for Women, Mehdiapatnam, Hyderabad organized a one-day National Conference on “Cyber Crime and Victimization of Women: Challenges and Legal Response” on 15th March 2019. The conference was sponsored by the National Commission for Women, New Delhi.

The inaugural session of the conference began with a prayer song followed by ‘*Lightening of Lamp*’ by dignitaries of the conference:

. Prof. Asha Shukla, Vice-Chancellor – Dr. B.R. Ambedkar University of Social Science, Madhya Pradesh;

Report of “Workshop on Plant Tissue Culture Techniques” in Collaboration with Atlantis Phytotech

MOU with Atlantis Phytotech

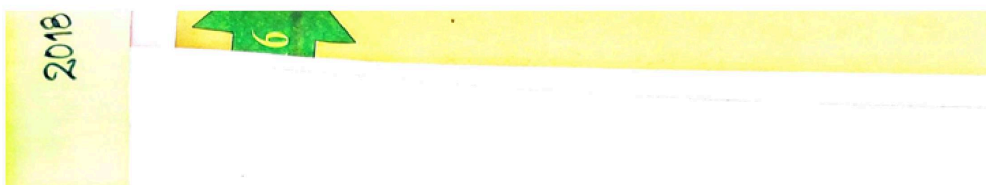

Date: 30th Nov, 2018 & 1st DEC, 2018.

Event: Workshop on Plant Tissue Culture Techniques

Activity: Two-day Inter-College Workshop

Resource Person: Mr. Arun Kumar. K.

No. of Beneficiaries: 32 Students

Workshop – Report

“Plant Tissue Culture Techniques”

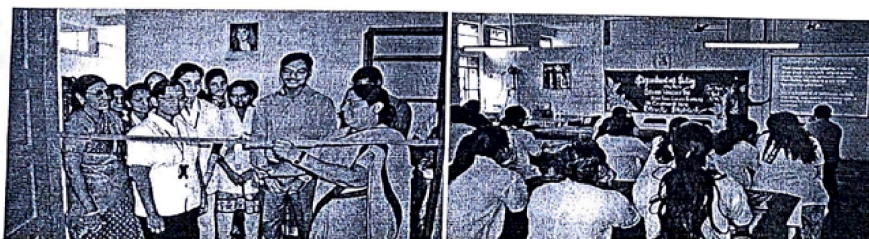

Date: 30th Nov. & 1st Dec.2018

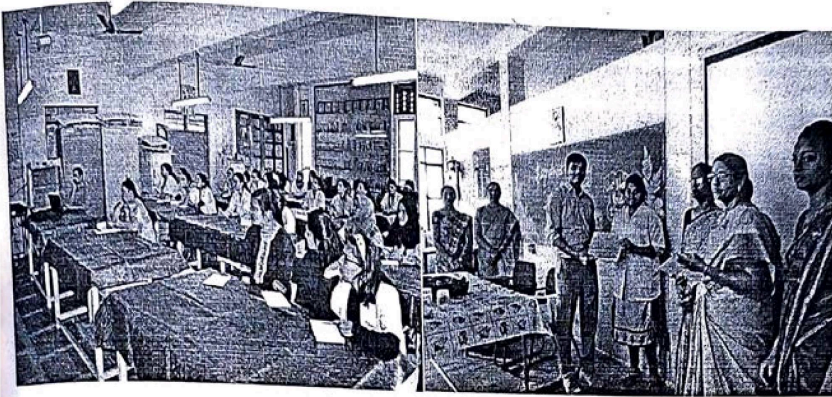

The Department of Botany, St. Ann's College for Women organized a two day Inter-College Workshop on “Plant Tissue Culture Techniques” for Students on the 30th Nov. & 1st Dec.2018. The workshop was carried out in collaboration with “ Atlantis Phytotech”, Jeedimetla, a research organization for raising plants through tissue culture. The resource person was Mr. Arun Kumar.K. The workshop schedule was planned for two days with two sessions on each day. The programme schedule is as follows:

DATE	SESSION – I	SESSION - II
30 th Nov	Introduction & basic techniques – a presentation	Types of media, media preparation & sterilization
1 st Dec	Selection of explants, surface sterilization, inoculation of explants.	Maintenance of cultures

32 students participated in the workshop. The programme schedule was strictly followed and participation certificates were given to the students on conclusion of the workshop.

Students gave their feedback and they were satisfied with the content of the workshop, interaction with the resource person, arrangements & hospitality.

Report on E waste Management Guest Lecture

Mou/collaboration with: Green Waves Environmental Solutions, a Waste Management Company

Title of the Activity: Zero Waste Management by Potluri Anil Chowdary, the founder of Green Waves

Date of the Activity: August 9th 2018

Brief Report

“Awareness drive is a step towards this endeavour”. So, in this guest lecture Mr. Anil had highlighted the importance of electronic waste management, and how the youth should be actively involved in this awareness drive, so as to work collectively in recycling e-waste. At the same time these youth also can further educate or create awareness in their surroundings to offer a more environmental friendly and socially conscious alternative to downcycling processes.

Report on E waste Management-Awareness Drive

Mou/collaboration with: Green Waves Environmental Solutions, a Waste Management Company

Title of the Activity: e-waste collection, Mr .Verma from Green Waves Environmental Solutions

Date of the Activity: 22 and 23rd January 2019

Brief Report

Awareness drive is a step towards streamlining the collection of abandoned gadgets in a scientific manner as it comprises toxic components such as lead, cadmium and chromium. and also educating them on implication of dumping abandoned electronic waste along with the normal litter and better e-waste management by picking up e-waste at various points.

Report on Internship with Institute of Genetics and Hospital for Genetic Diseases

Collaboration with Institute of Genetics and Hospital for Genetic Diseases

Start - End Date of collaboration : 15th June 2017- 15th July 2018

Duration of collaboration: One year

Date: 15th May -30th May 2018

Activity/event : Internship

Number of beneficiaries: 15

Students were provided observational case studies, where they learnt about clinical symptoms to diagnose the genetic syndromes and diseases

In addition hands on training was provided on different technical aspects in Clinical cytogenetics, Molecular Biology, Clinical Biochemistry, New born screening and Environmental toxicology.

Feed back by students reflected their ability to perform techniques for disease identifications followed by genetic counseling for victims and their relatives.

Their performance was also judged through a test for 20 marks conducted jointly by mentors finally evaluated by Director, who was highly responsible and kind enough to share the result analysis, where all of them score above 60 percent.

Report on B.Com(IFA) ACCA International Professional Program UK In MOU with Learning partner ISDC UK

About B.Com. IFA:

College was 1st to initiate a B.Com. International Professional Program Option (integrated with ACCA) in tie-up with ISDC and ACCA (UK) in 2017, offering it to all interested students aiming to conquer the global finance and audit industry. Between 2017 and 2023, 4 batches successfully completed the integrated course and advanced to being ACCA Professionals.

Students complete their professional program simultaneously with their integrated program. Student training, Mock tests, Cu is provided by the learning partner ISDC
Few ACCA completion certificates are enclosed below

Subject: ACCA certificate of completion
To: Anuradha Seku <sekuanu@gmail.com>

Hi Anu Ma'am,

Please find attached a copy of my ACCA completion certificate and my testimonial below. In case you need more detailed write up, feel free to let me know.

“Pursuing an ACCA qualification along with B.Com (International Accounting and Finance) initially seemed like a daunting task. As a student with no prior knowledge of ACCA, with the exemplary guidance of St. Ann's counsellors, I decided upon the path of pursuing an ACCA. In the following years, I had the opportunity of being taught by the lecturers who encouraged, guided and supported me through the end and post completion of my ACCA exams. Any queries or challenges I have faced have all been resolved proactively by our faculty. I've been able to balance my BCom syllabus and exams, being a part of the student council and my ACCA exams all as a result of my lecturers helping me manage my time effectively and deliver my best. Our faculty, not limited to focus on academics, is always focused on overall development of a student. I always extend my heart felt gratitude and respect toward St Ann's, the wonderful faculty and staff who supported me in my endeavours.”

Thank you,
Mahitha

ST. ANN'S COLLEGE FOR WOMEN

(Autonomous)

Affiliated to Osmania University

Re-Accredited by NAAC with 'A' Grade & College with Potential for Excellence by UGC

Santoshnagar Colony, Mehdiapatnam, Hyderabad - 500 028.

Dt.09-02-2019.

To
The Officer Incharge
Mahaveer Harina Vanasthali National Park
Vanasthalipuram
Hyderabad.

Sir/Madam

Sub: Arranging a Nature Education Camp.

I take pleasure in introducing our institution to you, our college is one of the reputed institution in twin cities and is re-accredited 'A⁺' Grade by NAAC (3rd cycle) and recognized as 'College with potential for Excellence' by UGC.

I would like to congratulate you for extending your support in educating the students on Nature by conducting field trips in the National Park. As a regular feature, we have been taking our students to nature camps every year and we would like to have a Camp on 9th February 2019 also. In this context we request you to make the necessary arrangements for which I shall be thankful to you.

Thanking you,

Yours sincerely,

PRINCIPAL
ST. ANN'S COLLEGE FOR WOMEN
MEHDIPATNAM, HYDERABAD-28.

REPORT ON FIELD TRIP
TO
MAHAVIR HARINA VANASTHALI NATIONAL PARK
2018-19

A field trip was organized by the department of Zoology St. Ann's college for women to Mahavir Harina Vansthal National Park for the students of final year B.Sc. along with the faculty members Mrs. Divya, Ms. Manisha Sharma on 10th January, 2019.

Objective:

- The main objective of the field trip is to educate students about endangered species and their importance in maintaining Biodiversity.
- A MoU has also signed between Telangana Forest Department and Department of Zoology St. Ann's college for women.

The Park is also known as Deer Park and is officially declared as National Park in the year 1994. The most important attraction of the park is the endangered blackbucks. A snake show and awareness program were organized by an NGO called "Friends of Snake Society" from Hyderabad to awareness about snakes. The speaker was Mr. Avinash who also educates the students about the identification of poisonous and Nonpoisonous snakes.

Other attraction was Butterfly Park and Jungle Safari which was the most awaited part. Students observed endangered blackbucks, 400 deer's several species of other animals, wild birds, peacocks more than 500 species of plants which has medicinal importance. Students gave positive feedback about their experience. Overall, the trip was interesting, informative and successful.

1. MoU with Med Converge Healthcare Services Pvt Ltd.
2. Activity/Event: Medical Coding Course
3. Duration of the Activity: July to October & December to April
4. No. of Participants: 18
5. Nature of the Activity: Department Specific Skill Enhancement Course

Report:

Introduction:

Medical Coding Course, a specialized training program designed to equip students with the skills and knowledge necessary for a career in medical coding. Medical coding is a crucial component of the healthcare industry, as it involves the translation of medical diagnoses, procedures, and services into standardized codes for billing and insurance purposes.

Objectives of the course:

To provide a comprehensive understanding of medical coding guidelines, principles, and techniques, train students in the use of coding systems, such as ICD-10, teach students how to accurately translate medical records into appropriate codes and prepare students for certification exams, such as Certified Professional Coder (CPC) or Certified Coding Specialist (CCS).

Instructors and Resources:

The course was taught by experienced instructors with extensive knowledge of medical coding practices. They provided valuable insights, guidance, and support throughout the course. Additionally, students had access to a range of resources, including textbooks, coding manuals, online databases, and coding software.

Assessment and Certification:

To gauge the students understanding and proficiency in medical coding, regular assessments, quizzes, and coding exercises were conducted throughout the course. These assessments helped track individual progress and identify areas for improvement. At the end of the course, a final examination was administered to evaluate overall comprehension. Upon successful completion of the course, students received a certificate of achievement. This certificate can be beneficial for those seeking employment opportunities in medical coding or planning to pursue national certification exams like CPC or CCS.

St. Ann's College for Women
(Autonomous), Affiliated to Osmania University
Accredited 'A+' Grade by NAAC (3rd Cycle)
College with Potential for Excellence by UGC
Hyderabad- 500028, Telangana, India

Student Feedback and Outcomes:

Feedback from students who participated in the Medical Coding Course has been overwhelmingly positive. Many highlighted the following key outcomes:

Enhanced understanding of medical terminology and coding systems.

Improved accuracy and efficiency in translating medical records into codes.

Increased confidence in preparing for certification exams.

Networking opportunities within the healthcare industry.

Conclusion:

The Medical Coding Course offered by the department has proven to be a valuable and comprehensive program for individuals interested in pursuing a career in medical coding. The course structured curriculum, experienced instructors, and practical exercises have contributed to the success and satisfaction of its participants. As the demand for skilled medical coders continues to grow, this course equips students with the necessary knowledge and skills to excel in this important healthcare field.

Report on Workshop on Internet of Things (IoT) in Collaboration with

MOU with OHD – open hardware days

Date: 29th Aug, 2018 to 3th Sept, 2018.

Event: workshop on Internet of Things (IoT)

Activity: Three-day workshop

Venue: Computer Science Lab

Target Group: I year students MECS/MPCS/MSCS

REPORT

Objective, Summary and Outcome:

Objective of the Workshop:

IoT (Internet of Things) is one of the most important technologies and has a lot of relevance in today's world and everyday life with Internet usage becoming universal. The internet of things helps people live and work smarter, as well as gain control over their lives. In addition to offering smart devices to automate homes, IoT is essential to business. It encourages companies to rethink the ways they approach their businesses and gives them the tools to improve their business strategies. Generally, IoT is most abundant in manufacturing, transportation and utility organizations, making use of sensors and other IoT devices. It has also found use cases for organizations within the agriculture, infrastructure and home automation industries. There are numerous real-world applications of the internet of things.

With so much scope for coming up with creative solutions, the dept. deems fit that conducting a workshop on IoT with demonstration and make students participate in building small applications would help them in understanding the importance of the field, promote interest in them to explore, experiment and try in coming up with new ideas and creative solutions related to the field which has immense scope.

Summary and Outcome & Feedback

In view of the growing relevance of IoT in the modern world, the computer science dept of St Ann's College for Women invited Open Hardware Days (OHD) to introduce the computer science students to the topic of IoT. Ms. Hema, Mr. Rithvik Podduturi (CEO) and Mr.

College with Potential for Excellence by UGC
Hyderabad- 500028, Telangana, India

Nagarjuna Thotamsetty (COO) from OHD to conduct a three-day workshop on Internet of Things (IoT) from 29th Aug, 2018 to 3th Sept, 2018.

Day 1 started with the introduction on IoT, its working principle and applications followed by the study of microcontrollers and Arduino UNO in particular. Students were taught simple and multiple LED blink execution including coding and hardware connections.

After this, students got hands on experience with the different types of sensors- temperature sensor to read the room temperature, ultrasonic sensor to find the distance and a motion sensor to detect motion. The day ended with motivating students to start thinking on technology which helps in building products.

Day 2 began with an introduction to the working of IoT products and internet enabled microcontroller, Node MCU. Students were shown the working of how devices like LEDs can be controlled through the use of the internet followed by a study on the cloud and the services provided by it. All the students created a ThingSpeak account which is an [open source Internet of Things](#) (IoT) application and [API](#) to store and retrieve data from things using the [HTTP](#) protocol over the Internet or via a Local Area Network. ThingSpeak enables the creation of sensor logging applications, location tracking applications, and a social network of things with status updates.

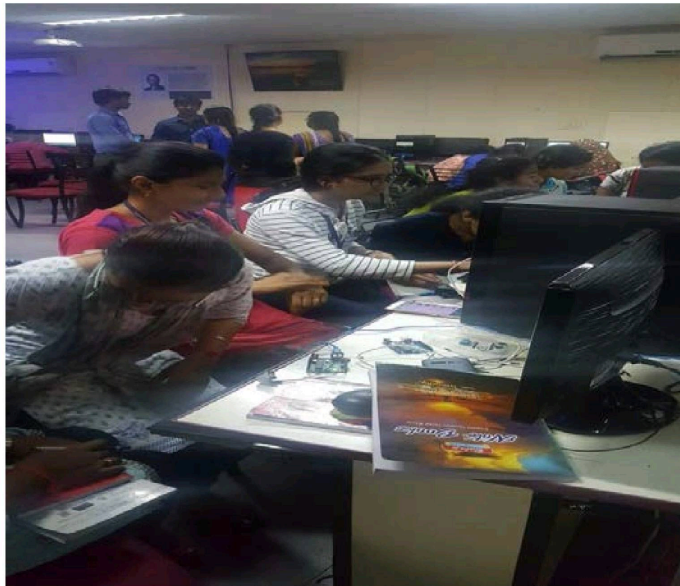

The day ended with a detailed review of the student projects for Hackathon with the instructors.

Day 3 was the Hackathon day followed by the expo of projects for students and faculty. The 8 teams presented their prototypes very well to the judges. Some of the ideas include smart fan/life saver to prevent suicide, smart homes (intruder alert system), smart traffic system, smart water tank to prevent wastage of water, smart ICU etc. One top team was offered Internship at OpenHardWareDaysPvt. Ltd. Through this workshop, students developed a proper practical knowledge on working of sensors and the development boards which would help them in future to start prototyping as well as the current development in the emerging field of IoT i.e the importance of it in the future and the trends, products available in the market.

ed by Prof.V.Peesapati,Member,RSC.highlighting the valuable contributions by Prof.T.R.Seshadri, a dedicated scientist who was regarded as one of the founders of organic chemistry in India.

Dr.K.R.Radhika,HeadDept of Chemistry invited the speaker, Prof Srimmanarayana for his lecture on 'Natural Products'.

Prof. Srimmanarayana in his lecture explained the role of natural products an excellent strategy toward identifying novel biological probes for a number of diseases.

He also emphasized on how natural products have played an important role in the development of pharmaceutical drugs for a number of diseases including cancer and infection. However, natural products also have the potential to identify novel agents for other complex CNS disorders such as anxiety, chronic pain, depression, and schizophrenia.

Activity/event: Guest lecture

Resource Person : Prof Daksh Lohiya, Professor Emeritus, University of Delhi,
(Ph.D student of **Prof. Stephen Hawking**).

Target Group : General audience

A guest lecture in collaboration with Royal society of chemistry was organized for the general audience on “Working with Stephen Hawkins” by Prof Daksh Lohiya, Professor Emeritus, University of Delhi, Delhi-Ph.D student of Prof. Stephen Hawking, world-renowned British theoretical physicist. Around 500 students listened to the lecture with rapt attention.

The Inaugural session began with the prayer song followed by lighting of the lamp by the Distinguished guest followed by a welcome address by Dr.Smita Asthana, Dean Academics, IQAC Coordinator.

Dr.K.R.Radhika, Head ,Department of Chemistry Introduced Prof. Daksh Lohiya to the gathering.

Dr Lohiya taught at Delhi University's physics department from 1984 to 2016 and was appointed emeritus professor thereafter. He is a life member of Clare Hall, Cambridge, for advanced study in applied mathematics and theoretical physics.

He spends an average of three months at Cambridge every year.

In a moving tribute to his teacher, interspersed with laughter and sadness, Prof. Daksh Lohiya Enlightened the gathering by sharing his beautiful learning experience with Prof. Stephen Hawking. A man behind a brilliant mind.

The lecture ended with a quote by Prof. Stephen Hawking, "The greatest enemy of knowledge is not ignorance, it is the illusion of knowledge."

Prof. Daksh Lohiya was felicitated by the Department of Chemistry and Prof. V. Peesapati, MRSc

Mrs .V. Ramya delivered a vote of thanks followed by national anthem.

Report on Adopt a Tree Campaign

Mou/collaboration with: WWF

Title of the Activity: Student exchange : Adopt a Tree Campaign

Date of the Activity: 14, 15, 16 Sept 2018

Brief Report

The Adopt a Tree Campaign was initiated by WWF-India in 2005 with the aim of encouraging both individuals and organizations to plant and care for native species of trees. This year WWF-India has partnered with Hyderabad Metro Rail (HMR) and L&T to promote individual action by encouraging the commuters of HMR to adopt saplings that can be planted in areas with limited space viz., housing complexes. HMR is the recipient of the IGBC Platinum Rating for Hyderabad Metro Rail Stations. Adopt a Tree kiosks at 8 major metro stations mentioned below to distribute the saplings. The programme was held on 14, 15 and 16 th of Sep 2018. And our Eco club volunteers, 15 of them actively volunteered for this event and distributed saplings at 8 Metro stations for three days (Nagole, Uppal, Tarnaka, Begumpet, Ameerpet, KPHB, JNTU and Miyapur)

List of Student participation

SNo:	Name of the student:	Hall ticket number:	Combination:
1.	GulzarIrani	1204-18-404004	B.Com FT

Report on NPTEL Student Certificate Course Enrollment 2018-19

Collaboration with NPTEL

Coordinator: Dr. Sarala as SPOC Local chapter Hyderabad

Event: NPTEL/SWAYAM certificate course student registrations

Activity: Certificate course July-Oct 2018

Mode: Online

No of student Registrations 5

Target Group: UG & PG students

The following are the registered students who have qualified for the certificate course on the NPTEL Platform:

St. Ann's College for Women
(Autonomous), Affiliated to Osmania University
Accredited 'A+' Grade by NAAC (3rd Cycle)
College with Potential for Excellence by UGC
Hyderabad- 500028, Telangana, India
