Report on MOU of St. Ann's College for Women in Collaboration with TCS - Arthavidhya

2022-23

Collaborating Partner: TCS -Arthavidhya

Date:March 2022 to March 2023

Course Details:Program topics include - BAP-Account Payable and Receivable, Statutory Compliance, and BAP Payroll & RR

Beneficiaries:29 Students

Mode: Online Internship

Report:

St. Ann's College for Women, Hyderabad signed a MOU with TCS Arthavidhya with the aim to enable students to understand and carry out online student internships relating to topics like Accounts Payable and Receivables, Statutory Compliance and Payroll & RR. It is a program brought about under the Government of India Skill Development vision and aims to equip students with Learning skills and Internship Skills in Finance & Accounting (F&A) implemented in partnership with TCS.

About Arthavidhya:

ArthaVidhya is an endeavor of ePalmleaf ITES Private Limited, head-quartered in Bangalore, promoted by a group of Chartered Accountants and Engineers with over 100 years of combined work experience in corporate houses. ArthaVidhya is an engine in skill development. We are a vocational training partner with NSDC under BFSI / NASSCOM sector skills council.

what we do ?

ArthaVidhya equips students with practical, hands-on business accounting and finance skills relevant to the industry. The course equips commerce students to up-skill themselves to find relevant career opportunities of their choice with confidence. ArthaVidhya's BAP (Business

Accounting Process) course offers an intensive process based training which enables them understand corporate processes in the shared services, finance and accounting and banking domains.

OUR CORE STRENGTH

Career Oriented Course Content

The BAP course covers numerous business processes using actual workflow scenarios experienced in a business enterprise. The course content is designed to make it relevant for the industry. With this course, students will get a head-start in their careers.

Designed by Chartered Accountants and Industry experts

The course has been designed by a core team of Chartered Accountants and experienced industry experts, who have worked in senior positions in the corporate world. They understand the gaps between skill acquired by students in college and skill expectation from candidates by industry.

Learning by Doing

We offer students a practical 'learn by doing' approach to imbibe a vast array of accounting process, required by business enterprises. This approach is also designed to cater to the specific needs and capability of each student. The objective is to ensure that every student gets to understand the impact of every process by applying their learning to practical scenario's, both at a micro as well a macro levels.

College Campus Programs

ArthaVidhya works closely with a network of colleges to ensure that these skill development programs are introduced at college campuses.

Below is the list of students who have completed Level 1 of the course in 2022-23:

Overview of the Course:

The students who registered with the course got an opportunity to first create a virtual company. This way they can start the process for Level 1- Account Payable and Receivable.

During the course, the students have learned about, Payment Process, Receipt Process, and Accounts Process within a company.

On completion of Level 1, the student gets access to the Level 2 Program – Statutory Compliance. Under this, they will learn, Account receivable, Period-end Processes, and Statutory Payments.

On completion of Level 2, the student gets access to the Level 3 Program – BAP Payroll & RR. Under this they will learn the Payroll Process, Contra, and Bank Reconciliation.

After every module, the student must undergo an online assessment to pass each level and unlock the next level.

After the completion of all 3 levels, students will be graded on their performance.

The R22 Batch has successfully completed Level 1 of the Course.

Student Certificates of Completion:

Following are the student certifications on the completion of the Level 1 of the course.

Report of Workshop on Molecular Docking & Drug Designing

MOU with Bio Axis

Date: 16-Mar-2023

Event: Student Exchange Workshop on Molecular Docking & Drug Designing

Report on Molecular Docking and Drug designing Workshop

Date :16 -03-23

Venue:MCA Computer Lab

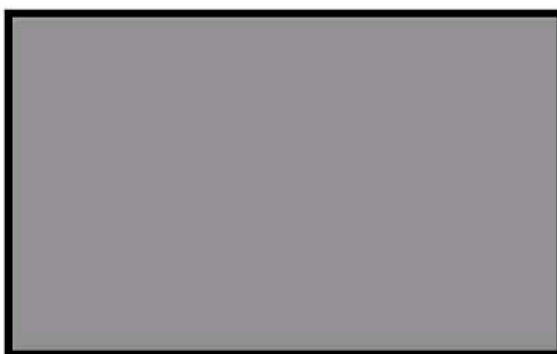

Target Group: II Year BBC Students of Biochemistry

Resource Person: Ms Jyotsna From Bio Axis DNA Research Center

Co-ordinated by: AM Sylaja ,Head Dept of Biochemistry.

Report: The one-day workshop on Molecular Docking and Drug Designing began with a introductory lecture on Computer Aided drug designing covering introduction to Bioinformatics and Computational Biochemistry role in designing drugs. The lecture was followed by hands on session on Gene identification, Protein Databank, Drug -Biomolecule, Receptor -Biomolecule Interactions and Principles of Molecular modelling -Drug Designing. All the students and instructor parallelly worked on the steps involved in molecular docking starting with identification of a disease, corresponding protein involved, gene identification, then different software packages and tools used (open resources) in docking the receptor with the drug.

All the students created their own word documents containing details and data pertaining to the workshop. After the hands-on session doubts were clarified by the resource person. Certificates of participation were presented to all the students who completed the allotted task during the workshop. 28 students participated in the workshop

Dear Jyothsna,
As discussed over the phone, regarding Workshop or Session on Drug Designing For
second year Biochemistry students
I'm planning to have it on 15 March from 1 to 3 pm and on 17 from 10.20 to 12 noon. Kindly let me

know if these days are convenient for you

Thanks & Regards
MSylaja

Prof. B. Sudhakar Reddy, Honorary Director, ICSSR - SRC

Keynote Speaker Address: Dr. Aasha Ramesh, Women's Rights Activist, Gender and Development Consultant, Bangalore. She has highlighted on Women and the 4Es. She has mentioned that one of the most significant transformations in education in India over the past several decades is the drastic increase in women's higher education in various fields. The education has showed the ways of uplifting the standard of living among the women. Acceleration due to education will bring about a full transformation of India's women entrepreneurship landscape. Education to women will put India at par with several emerging and advanced economies where more than 40% of all enterprises will be women-owned. Further, the total employment will bridge nearly 25% of the jobs required to absorb the working-age population in 2030. Given the continued scarcity of education, work opportunities, entrepreneurship will allow women to be self-sustaining, giving them greater flexibility and control in comparison to salaried employment and also creating jobs. More has to be done to remove barriers to women's economic empowerment. It can be by encouraging women to gain specific training and education to help them become the leaders of tomorrow.

Dr. Aasha Ramesh, Women's Rights Activist, Gender and Development Consultant, Bangalore

Guest of Honour Address Ms. Manju Latha Kalanidhi, Senior Features Journalist, The New Indian Express

She spoke on women empowerment and about men in general, stating that men never get an opportunity to voice their emotions as they are considered the breadwinners. She stated that men should also be taught to express their feelings without being emasculated or embarrassed. She believes that if men voice their emotions they can be at par with women and help in the development of woman empowerment. She has shared her life experiences which is a motivation for the students.

Ms. Manju Latha Kalanidhi, Senior Features Journalist, The New Indian Express

Dr. P. Bharathi, Convener, Conference presented vote of thanks. She thanked the delegates for making the conference meaningful.

DEPARTMENT OF NUTRITION

Department of Nutrition

2022-23

The Department is in collaboration with the following organizations and has working MoUs

1. Nestle India Pvt Ltd
2. GMR Varalakshmi Foundation
3. FHTS
4. Dhanwantri Trust

1.Nestle India Pvt Ltd

Following activities were planned and executed during the academic year 2021-22

Link to the MoU document-<https://tinyurl.com/yvd4f3s2>

Activity 1:

Brief report:Intercollegiate recipe contest

Date:25th September 2022

Timings: 12:00pm -2:00pm

Venue: Department of Nutrition PG Diploma lab St Ann's College.

The Department of Nutrition, in collaboration with Nestle India Private Limited, organized an Intercollegiate Recipe Contest on September 25th, 2022. The theme, "Celebrate the World of Flavours," drew 60 participants from various Hyderabad colleges. Out of these, 40 entries were received.

Participants arrived at the venue by 12:00 am and were guided to their designated spaces at the registration desk. They were briefed about event rules, which required them to create an innovative dish using at least one or two Nestle products.

Dr. Meena Patangay, Head of the Department of Nutrition at St. Ann's College, Hyderabad, served as the judge. Recipes were assessed based on innovation, ingredient usage, cooking skills,

and nutritive value per serving. Dr. Meena Patangay commended all participants for their culinary talents and the quality of their creations.

She also addressed the gathering, acknowledging their efforts. Prizes and gift hampers, generously sponsored by Nestle India Private Limited, were awarded to the top three winners. Additionally, all participants received participation certificates as a token of appreciation for their time and dedication. This event not only showcased culinary skills but also strengthened industry-academic partnerships, providing a valuable platform for students to showcase their talent

Activity 2:

Event: Recipe Contest- Millet Mania

Date: 19th December 2022

Timings: 12:00pm -2:00pm

Venue: Department of Nutrition PG Diploma lab St Ann's College.

The Department of Nutrition has organized an Inter collegiate Recipe contest in collaboration with Nestle India private limited on the theme "MILLET MANIA" on 19th December 2022 for faculty.

A total of 18 faculty members from various colleges of Hyderabad registered for the event. All the participants were asked to be at the Venue by 12:00 am and check for the allotted space and name at the registration desk. In total 11 entries were reported to the venue. The faculty members were given prior instruction about the rules and regulation for the event. They had to prepare an innovative recipe using at least one or two millets.

The recipes were judged by Dr. Usha Head of the Department Botany, St. Ann's college Hyderabad. The recipes were evaluated based on the innovation, ingredient used, method of preparation/cooking skills and nutritive value per serving. All the recipes, its display and the cooking skill of all the participants were highly appreciated by the judge. Dr. Meena Patangay, Head of the Department, Nutrition and Dean administration also addressed the gathering and distributed the prizes and gift hampers sponsored by Nestle India private limited to the first three winners. Participation certificate were also given to all the participants to appreciate their time and effort.

Glimpses of the event and prize winners

Nestle Collaborative Activities 2022-23- National and International webinar series

Activity 3:

Event: National Webinar on eating disorders

Date: 27th February 2023

Timings: 11:00pm -12:30pm

Venue: Room no 123

The Department of Nutrition, in partnership with Nestle, conducted an insightful webinar on Eating Disorders featuring Dr. Purnima A Nagaraja, an accomplished professional with qualifications in MBBS, Psychiatry, and Counseling. The event took place on February 27, 2023, from 11:00 am to 12:30 pm. Dr. Nagaraja's extensive expertise in psychiatry and counseling provided valuable insights into the complexities of eating disorders. The webinar attracted a diverse audience eager to enhance their understanding of this critical issue. Participants gained a deeper awareness of the challenges individuals facing eating disorders encounter and learned about potential avenues for support and intervention. This collaborative effort between the Department of Nutrition and Nestle served as an important platform for disseminating crucial knowledge on a topic of utmost significance in the realm of mental health and nutrition.

Activity 4:

Event: National Webinar on "Newer Approaches in Management and Reversal of Type 2 Diabetes."

Date: 26th March 2023

Timings: 5:00-6:30 pm

Venue: online webinar

The Department of Nutrition, in collaboration with Mount Carmel College Bengaluru, orchestrated a noteworthy event - the Nestle Collaborative National Webinar on "Newer Approaches in Management and Reversal of Type 2 Diabetes." The webinar, held on March 26, 2022, provided a platform for in-depth exploration of cutting-edge strategies in combating Type 2 diabetes.

Dr. Radha Reddy, an esteemed alumni of St. Ann's college College and Chief Dietitian at AIG Gachibowli, spearheaded the session. Her extensive experience and expertise in the field of diabetes management brought a wealth of knowledge to the discussion.

Participants were treated to invaluable insights into innovative methodologies for both managing and potentially reversing Type 2 diabetes. Dr. Reddy's presentation was characterized by a pragmatic approach, combining the latest medical advances with practical dietary advice.

The collaborative effort between the Department of Nutrition and Mount Carmel College, in partnership with Nestle, showcased a commitment to advancing healthcare knowledge and promoting holistic well-being. The webinar attracted a diverse audience, including healthcare professionals, students, and individuals with a vested interest in diabetes care. Overall, the event served as a resounding success, furthering the dialogue on progressive approaches to addressing this prevalent and pressing health concern

Link to report-<https://tinyurl.com/yfkyekdu>

Activity 5:

Event: one day hand on workshop on Research methods."

Date: 4th March 2023

Timings: 9:30-3:30pm

The Department of Nutrition, in partnership with Nestle, hosted a comprehensive workshop series to enhance research proficiency. The pre-workshop session, held on March 2, 2023, focused on guiding participants through the process of downloading the essential research tool, Zotero, and provided instructions for registering as a co-guide. This preparatory session equipped attendees with crucial tools and resources for the upcoming workshop.

On March 4, 2023, a full-day, hands-on workshop on Research Methods was conducted, featuring Dr. G Murali Mohan Reddy as the distinguished resource person. Dr. Reddy's extensive expertise in the field ensured participants received valuable insights into effective research methodologies. The workshop served as a dynamic platform for knowledge exchange and skill-building, catering to a diverse audience including students, professionals, and researchers.

To further enhance participants' proficiency, a post-workshop session was conducted via Zoom on March 10, 2023, focusing on the utilization of the Zotero software. This interactive session provided attendees with practical guidance on leveraging the tool for efficient research management and citation. The virtual format allowed for widespread participation, fostering an inclusive learning environment.

The collaborative efforts between the Department of Nutrition, Nestle, and Dr. G Murali Mohan Reddy exemplified a dedication to advancing research capabilities in the field. The workshop series successfully empowered participants with essential skills and resources, ultimately contributing to the enhancement of research endeavors in the realm of nutrition.

Nestle Collaborative Quantity Food Production and Sale Activity

Activity 6:

Event: Quantity food production- Nestle recipe counters

Date: 14th, 15th and 17th march 2023

Timings: 12:00-12:30 pm

Venue:Quadrangle

The Department of Nutrition, in collaboration with Nestle India, orchestrated a commendable initiative focused on Quantity Food Production and Sale Activity. This practical endeavor was undertaken by the second and third-year students of BSc Applied Nutrition and Public Health. The event spanned over three days, commencing on March 14th and culminating on March 17th, 2023.

The activity provided an invaluable hands-on experience for the students, allowing them to apply their theoretical knowledge in a real-world setting. It showcased their proficiency in the production and management of large-scale food quantities, a critical skill for professionals in the field of nutrition and public health.

The collaboration between the Department of Nutrition and Nestle India exemplified a commitment to holistic education, bridging the gap between classroom learning and practical application. The event not only served as a learning opportunity but also emphasized the importance of collaboration between academia and industry for the betterment of the community's nutritional well-being. Overall, this activity was a resounding success, leaving a positive impact on both the students and the broader community.

Skill Oriented Course -SOC- Culinary Techniques classes

Department of Nutrition offers a **Skill Oriented Course- SOC , Culinary Techniques a 2 semester course** in collaboration with Nestle India Pvt Ltd.

The Skill Oriented Course (SOC) in Culinary Techniques, formerly known as COC, was introduced for first-year students in the academic year 2022-23. A total of 38 students from various streams enrolled in this course. Over the course of the semester, 18 classes were conducted, providing students with comprehensive training and academic instruction in entering the catering industry. The program facilitated the application of theoretical knowledge into practical culinary skills. Students gained proficiency in cooking methods, safety procedures, and cost management. Ms. Pravalika from Nestle India Pvt Ltd, an industry expert with extensive FMCG experience, served as a valuable resource person. In addition to demonstrating recipes,

she imparted crucial knowledge on food safety and sanitation practices. Internal assessment was based on attendance and practical records, signed by both the course coordinator and resource person. The final assessment is scheduled for April 2023, marking the successful implementation of this skill-oriented culinary program.

Activities conducted in 2022-23

Event: Breast Feeding Awareness Program on occasion of World Breastfeeding Week In Collaboration with GMR Varalakshmi Foundation

Date: 04-08-2022

Venue: GMR Varalakshmi Foundation, Shamshabad, Hyderabad, Telangana

Department of Nutrition, St. Ann's Degree College for Women organized a Breastfeeding Awareness Program on the occasion of World Breastfeeding Week on the 4th of August in collaboration with GMR Varalakshmi Foundation.

6 students of final year BSc Applied Nutrition and Public Health at St Ann's College For Women, Mehdiapatnam were given the opportunity to organize the Program under the supervision of Ms Urooja and Ms Shimaila, lecturers of Nutrition Department at St. Ann's College for Women.

List of Students:

1. Pothireddy Asritha {120420464004}
2. Salibindla Arogya Sneha {120420464007}
3. Gali Srujitha {120420464012}
4. Syeda Batool Fatima {120420464015}
5. V Bala Asritha Reddy {120420464016}
6. Tafifa Anwar Ahmed Miya {120420464025}

Name of the Event: Breastfeeding Awareness programme

Date of the Event: August 8, 2022

Venue of the Event: GMR Varalakshmi Foundation

The status of breastfeeding practices in India needs immediate attention as rate of initiation of breastfeeding within one hour of birth is 57% while exclusive breastfeeding rate remains about 58%. Hence, the Department of Nutrition, St. Anns College for Women decided to spread Awareness on breastfeeding in a place [GMR Varalakshmi Foundation] where women know little about these things, Nutrition etc.

9 students of final year BSc Applied Nutrition and Public Health at St Ann's College For Women, Mehdipatnam were given the opportunity to organize the Program under the supervision of Dr.Meena Patangay (HOD) and Ms Hannah jessie, lecturer of the Nutrition Department at St. Ann's College for Women.

Link to report of the event- <https://tinyurl.com/4d8pb9pv>

Name of the Event: Nutrition Awareness programme

Date of the Event: 20th September 2023

Venue of the Event: GMR Varalakshmi Foundation

BRIEF REPORT:

The "Breastfeeding" awareness program conducted at GMR Varalakshmi Foundation by students of both NCZ and NCB during breastfeeding awareness week and National Nutrition Month was a resounding success. The students organized informative sessions on the benefits of breastfeeding for both mothers and infants, emphasizing its crucial role in child development and maternal health. They distributed educational materials and pamphlets to raise awareness among the community members, promoting the importance of exclusive breastfeeding for the first six months of a child's life. The program also included interactive activities and Q&A sessions, ensuring that participants left with a better understanding of breastfeeding's significance. Overall, the event played a pivotal role in spreading knowledge and fostering a supportive environment for breastfeeding in the community

Name of the Event: Nutrition Awareness programme on diabetes & Diabetes Screening Camp

Date of the Event: 24th november 2022

Venue of the Event: GMR Varalakshmi Foundation

BRIEF REPORT:

In observance of World Diabetes Day 2022, the Department of Nutrition's MSC II year students, along with Mrs. Urooja Birjis and Dr. Khushboo, spearheaded a commendable initiative. A Nutrition Awareness Program and Diabetes Screening Camp were organized in collaboration with GMR Varalakshmi Foundation at Ranganayakulu Colony, Shamshabad on November 24, 2022.

The event aimed to raise awareness about the critical link between nutrition and diabetes prevention. The team provided valuable information and guidance on maintaining a balanced diet and making informed food choices to mitigate diabetes risks. Additionally, free diabetes screening services were offered, enabling early detection and intervention.

This community-driven effort exemplifies the Department of Nutrition's commitment to public health and proactive community engagement. By combining education and practical healthcare services, the event contributed significantly to diabetes awareness and prevention, leaving a positive impact on the residents of Ranganayakulu Colony.

Link to the report-<https://tinyurl.com/2rmxh4hv>

Name of the Event: Nutrition Awareness programme on millets

Date of the Event: 13th march 2023

Venue of the Event: GMR Varalakshmi Foundation

Mrs. Hannah Jessie faculty, along with 15 students of B. Sc NCB & NCZ went to GMR foundation as a part of NEP Program and International year of millets on 13.3.2023 and also MOU has been renewed with GMR.

A millets awareness program was conducted at GMR Varalakshmi Foundation by students of NCZ and NCB. The campaign aimed to promote the nutritional and environmental benefits of millets. Students organized interactive sessions, explained different recipes with millets, and distributed informative pamphlets to raise awareness about the importance of incorporating millets into our diets. The event received positive feedback from attendees and successfully highlighted the significance of millets in sustainable and healthy living. This initiative contributed to spreading awareness about millets' potential in addressing food security and health challenges.

MOU 4: Dhanwantri Charity Trust

A new MoU was entered with Dhanwanth Charity trust and Department of nutrition in the year 2022-23 ***

Link to MoU-<https://tinyurl.com/395ufufj>

Activity 1:

Name of the Event: workshop on CPR

Date of the Event: 25th August 2022

Venue of the Event: AV room

Brief report:

The Department of Nutrition, in partnership with Dhanwanth Charity Trust, conducted an invaluable workshop on First Aid and CPR (Cardiopulmonary Resuscitation) for undergraduate Biological Science students. This proactive event took place on August 25, 2022, providing essential life-saving knowledge to the participants.

The workshop focused on equipping students with fundamental skills in providing immediate care and support in emergency situations. Practical demonstrations and hands-on training were central to the session, ensuring participants gained confidence in administering first aid and performing CPR effectively.

The collaboration between the Department of Nutrition and Dhanwanth Charity Trust underscores a shared commitment to community welfare and health education. Empowering students with these crucial skills not only enriches their academic experience but also equips them to be valuable contributors to society. Overall, the workshop proved to be a significant step in promoting health and safety awareness among the future leaders in biological sciences.

Department of Political science

Report on Three Day International Conference

" Climate change impact on ecosystems"

Date: 22-24 September, 2022

Time: 10:00am - 5pm

Venue: ESIC, Gachibowli, Hyderabad

The Department of Political science took twenty five students for a three day conference to the Engineering staff college of India (ESIC) on 22-24 september, 2022. It was a three day conference where students participated in the discussion and interacted with higher officials and researchers working on the issue of Climate change and it's impact on ecosystems.

Report on the Skill India Development Program for "Software Programmers"

St. Ann's College For Women

(Autonomus) Affiliated to Osmania university

Accredited 'A+' Grade by NAAC(3RD cycle), CPE by UGC

ISO 9001:2015 and 14001:2015

Mehdipatnam, Hyderabad -500028

Mou with ESCI

Event : Skill development GOI certification

Date : 16-05-2023 to 01-07-2023

Executive Summary

The Skill India Development Program for "Software Programmers" represents a significant collaborative effort between the esteemed Engineering Staff College of India and the Government of India. This initiative aimed to provide a transformative educational experience to aspiring software developers, equipping them with a comprehensive skill set to enhance the nation's technological prowess. This report provides an overview of the program's key features, including its meticulous design, strategic timing, curriculum, hands-on approach, and the list of 2nd and 3rd-year students who participated.

Program Overview

The program's design encompassed a meticulous planning phase, ensuring that it met the needs of budding software developers. With a total duration of 240 hours, the program spanned 35 days of rigorous training, allowing for a deep exploration of software development concepts.

List of 2nd Year Students Participating in the Program

30	K.Akhila	BSC(MSCs)

Conclusion

The Skill India Development Program for "Software Programmers" stands as a commendable endeavor that has equipped a new generation of software developers with valuable skills. It has not only contributed to their individual growth but also holds the promise of making substantial contributions to India's thriving tech industry. The collaboration between esteemed institutions, the comprehensive curriculum, and the excellent choice of venue all played pivotal roles in the program's resounding success. This initiative is a testament to how education and industry partnerships can drive progress in the digital age, aligning with the objectives of the Pradhan Mantri Vikas Yojana.

form, which expression shall, unless repugnant to the context or meaning thereof, include its successors and assignees as party of the SECOND PARTY.

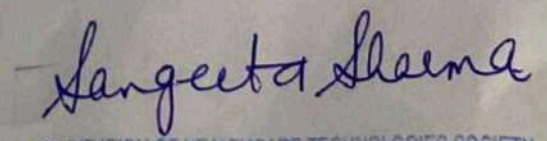

WHEREAS it has been mutually agreed by and between the parties hereto as follows:

1- PURPOSE & SCOPE OF THE AGREEMENT:

1. The general purpose of this collaboration is that Second Party FHTS plans to run a programme for Certificate in Health and Nutrition Informatics at St. Ann's College for Women, Hyderabad. The proposed program aims to provide skills in the effective retrieval, organization, storage, and optimum use of information, data, and knowledge for food and nutrition-related problem solving and decision-making. Nutrition informatics is the management of the information dietetics professionals need to practice successfully while tailoring recommendations to meet each patient's specific needs. Nutrition informatics describes intersection of nutrition, information, and technology, and it underlies all areas of dietetics practice. The focus of nutrition informatics is to provide students with skills to differentiate between data, information and knowledge. Students will learn the skills to evaluate quality of health information over the internet to better differentiate between misinformation and evidence based information. Students will apply heuristics and usability principles to obtain competency in the analysis, management, and evaluation of technology and

applications. Students will examine the role of data, policy, and technology enabled behavioral change interventions to support nutritional informatics research and practice. This is the first of its kind program to prepare 21st century workforce to address both local, national and global Health & Nutrition challenges. This program will directly benefit the local communities through research, innovation, programs and policies to enhance good health and well-being in in Hyderabad, Telangana and its neighborhoods, and beyond.

2. The areas of collaborations include exchange of faculty and staff members, joint research and consultancy activities, participation in seminars and academic meetings, exchange of academic materials and other information, special short term academic programs including student internships and projects, cooperation in curriculum development, collaboration in international seminars and conferences, cooperation in quality assurance, collaboration education export.
3. That the second Party FHTS shall develop academic programs and course curriculum to meet industry expectation and shall impart education to the various students enrolled in the program based on the curriculum so developed and duly approved by its Authorities.
4. That the second Party FHTS shall also develop evaluation plan to screen students at regular intervals for possible employment.

5. That the second party FHTS shall recruit and hire faculty, staff for the development of the academic and research programs.
6. That the second party FHTS shall run program which combines theoretical aspect with presentation of practical solutions in real world settings.

i) Eligibility criteria

- Graduates and postgraduates from all science disciplines.

ii) Program Duration

- 16 weeks

iii) Total number of teaching hours: 240 hours

Synchronous online/Interactive live lectures: 16 hours

Discussion forum/asynchronous mentoring: 32 hours

iv) Hours of study material

- E-tutorial: 40 hours
- E-content: 40 hours

Self-study hours: 88 hours

Total number of credits

- 8 credits

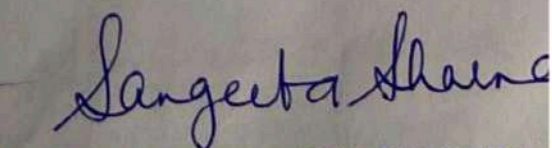

v) Learning objectives

- Organize and manage health information data.
- Maintain quality, accuracy and accessibility of data.
- Ensure the security of electronic and paper filing systems.
- Use data collected to help create dietary plans for patients
- Apply human centered approach to design culturally and contextually relevant nutrition apps supporting improvement of population health outcomes.
- Evaluate nutrition informatics interventions across diverse disease topics, diverse populations across various settings.

vi) Quadrant 1 E-tutorial Topics

Principal

REGISTRATION NO: S/877/2012
NEW DELHI 110066

- Weekly online, interactive topics supported by applications of theoretical learning to real world scenarios in form of case studies. Mentorship and experiential learning will be critical features of the program.

Modules	Topics
Module 1	Introduction to Nutrition Informatics
Module 2	Data, Information Knowledge
Module 3	Human Centered Design Interventions
Module 4	Quality of health information over the internet
Module 5	Design and Develop Nutrition Informatics interventions
Module 6	Evaluating nutrition informatics interventions
Module 7	Behavior change interventions to support nutrition informatics research and practice
Module 8	Nutrition informatics databases, programs and policies
Module 9	Personalized nutrition plan: Case study
Module 10	Informatics enabled menu planning
Module 11	Nutritional apps
Module 12	Formulating Research Question
Module 13	Mixed methods
Module 14	Scientific writing
Module 15	Statistical analysis of healthcare data
Module 16	Research seminar

vii) Quadrant II- Weekly Reading Material

- Case studies
- Presentations
- Research paper readings

viii) Quadrant III- Discussion Forum

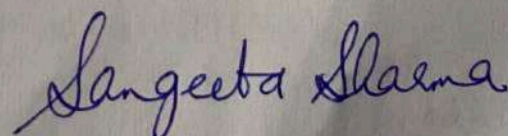

- Weekly discussion topics to facilitate knowledge exchange, discussion of ideas, and research

ix) Quadrant IV-Assessments

- Quizzes (20%)
- Weekly assignments (10%)
- Case studies (10%)
- Presentations (5%)
- Mid Term (25%)

Parties will continue to perform their respective obligations under the Agreement during the arbitration proceedings.

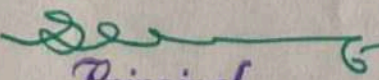

Each Party shall bear its own costs of the arbitration, including the costs incurred by the Parties in preparing and presenting their cases; provided, however, the arbitrator may order the expenses of the arbitration to be paid by the non-prevailing Party.

IV- MISCELLANEOUS

1. INDEMNITY

First Party shall indemnify and hold harmless the Second Party not in breach, as the case may be, its directors, officers, employees, agents, Affiliates and sub-contractors ("Indemnified Party") from and against all Claims, Losses, allegations, liabilities, obligations, costs and expenses (including, without limitation, attorney fees and costs) which arise out of or relate to:

- (i) breach of obligations under this Agreement;
- (ii) breach of Applicable Law;
- (iii) failure to pay Taxes;
- (iv) breach of representations and warranties;
- (v) sickness, disease, death or bodily injury to any person during performance of its obligation under the Agreement; or
- (vi) loss of or physical damage to property of any person during performance of its obligation under the Agreement
- (vii) anything else for which Supplier cannot at law limit or exclude its liability.

2-VARIATION

No modification or amendment of this Agreement and no waiver of any of the terms or conditions hereof shall be valid or binding unless made in writing and duly executed by the Parties.

3. RELATIONSHIP

Nothing in this Agreement shall be deemed to constitute a joint venture, corporation, partnership, agency relationship, exclusive business arrangement or any other relationship between the Parties, unless expressly stated in writing. The Parties shall act as independent contractors, on a principal-to-principal basis. No Party has the authority to act for or bind the other Party, or incur any debt or liability in the name of or on behalf of the other Party.

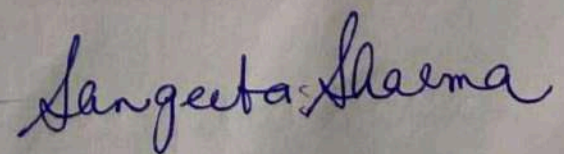

4. SEVERANCE

If for any reason any provision contained in this Agreement is declared illegal, void or unenforceable, all other provisions contained in this Agreement shall not be affected and accordingly shall remain in full force and effect. Schedules of this Agreement constitute part of this Agreement. In the event of any conflict between the provisions of this Agreement and the Schedules, the provisions of this Agreement shall prevail to the extent of such conflict.

5. BUSINESS ETHICS

Both Parties agree that neither they by themselves nor through their employees, officers, agents or consultants shall provide or seek any illegitimate gain/untoward favor to the other or to any third party in respect of any benefit, undue compliance, release of any favors (in the nature of cash or kind). It is understood that such acts are strictly prohibited and if any Party is found guilty of such acts, it will result in the breach of this Agreement by such Party and shall allow the non-guilty Party to seek termination of this Agreement. In the event either Party becomes aware of or suspects commission of such acts, it shall immediately inform the other Party and mutually arrive at a course of action to be adopted by the Party.

6. Memorandum of Understanding- Both the parties agree further sign a memorandum of understanding on rules and regulations for better functioning of Programme and other Financial Functions

V- NON DISCLOSURE & CONFIDENTIALITY

Any information (whether oral, written, visual or otherwise, hard or soft copy as may be provided by either Parties, provided the same is reduced in writing immediately and marked and identified as confidential information) disclosed or made known by the Parties to each other, shall be considered **“Confidential Information”** unless otherwise specified. Both the Parties commit to a strict maintenance of confidentiality, of any information shared by either of the Parties. Any confidential information shared as a result of this Agreement shall remain in force until that particular Confidential Information

falls into the public domain through no act or omission on part of the Parties or for a period of two (2) years from the last disclosure, whichever is later.

VI- FORCE MAJEURE

- 1 Force majeure shall mean any cause, existing or future, which is beyond the reasonable control of any of the parties including acts of God, storm, fire, floods, explosion, epidemics, quarantine, earthquake, strike, riot, Covid lock down, embargo, interference by civil or military authorities, acts, regulations or orders of any governmental authority in their sovereign capacity, acts of war (declared or undeclared) including any acts of terrorism.
2. None of the parties shall be liable for the failure to perform any obligation in terms of this Agreement if and to such extent such failure is caused by a Force Majeure, provided that none of such acts of Force Majeure will relieve the Students /Beneficiary from meeting its payment obligations.
3. The party prevented to fulfil its obligations (hereinafter referred to as "**the Affected Party**") by Force Majeure shall notify the other party through written means including fax/email/ post within one week after occurrence and cessation of such Force Majeure and it shall be established by the Affected Party that the Force Majeure had delayed performance of the Affected Party's obligations and services and was beyond the reasonable control of the Affected Party and not due to the default or negligence of the Affected Party.

4. The periods for performance of this Agreement as agreed upon shall be extended by the periods of delay caused by such Force Majeure, as long as the period of Force Majeure does not last longer than three months.
5. If a Force Majeure continues for more than three months and the parties are not able to reach an agreement on the continuation of the Agreement within a further term of one month, the fulfillment of the Agreement shall automatically be deemed impossible and shall stand suspended / terminated.

VII- LIMITATION OF LIABILITY

The overall liability of Parties shall not exceed 100% of the value of the Annual Contracted Generation for the respective year (on which the Claims is raised) inclusive of input taxes, for Claims arising out of a breach of the terms of this Agreement.

Notwithstanding anything to the contrary contained elsewhere, shall not limit liability of any Party towards any Claims arising out of:

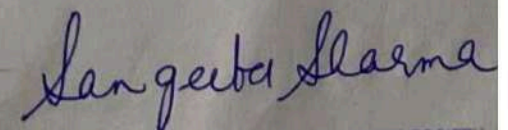

- (i) Willful misconduct, gross negligence or fraud of any Party or
- (ii) Breach of Applicable Laws by the Parties.

Second Party shall, under any circumstances whatsoever, be liable for any indirect or consequential losses of any nature whatsoever (including but not limited to loss of business, loss of profit, etc.) under this Agreement.

Date 13-10-2017

To whom so ever it may concern

This is to inform that the department of Nutrition, St Ann's College of women, Mehdipatnam, Hyderabad has been collaborating with GMR Varalakshmi Foundation, the Corporate Social Responsibility arm of GMR Group of Companies in implementing various community service activities focussing on women and child health since 2012-13 to till date.

The major activities covered are,

1. Awareness programmes in villages to pregnant and lactating women regarding their diet and nutritional needs.
2. Awareness sessions in villages to Lactating mothers on importance of breast feeding, weaning, demonstration of low cost nutritious weaning.
3. Programmes for adolescent girls in villages on Anaemia, Haemoglobin estimation, role of diet in overcoming anaemia and importance of balanced diet.

The support services provided by the Head of the department Ms.Meena Kimari and the students of Nutrition are very useful to the target women who are mostly from the under privileged sections of the society.

A. Preamble

The general purpose of this agreement is to enhance collaborations for the exchange and advancement of knowledge and to promote regional cooperation in tertiary education at internationally acceptable standards. The academic community by way of faculty and student interactions can transcend a narrow national perspective and develop a large global perspective.

B. The Agreement

To provide professional development opportunities for students and faculty

The major activities that can be covered are

- ✓ Awareness and sensitization programmes in villages to pregnant and lactating women regarding their diet and nutritional needs.
- ✓ Awareness sessions and sensitization in villages to lactating mothers on importance of breastfeeding,
- ✓ Weaning and demonstration of low-cost weaning recipes.
- ✓ Awareness and screening Programmes for adolescent girls in villages on Anemia, hemoglobin estimation, role of diet in Prevention and anemia and importance of Balanced diet during National nutrition month in September every year.

- ✓ Diabetes screening and Awareness for adults in the month of November every year.
- ✓ Research projects wherein the students of M.Sc Clinical Nutrition and Dietetics can be permitted to conduct research in GMR Thrust areas.

C. Duration, Termination and Modification of Agreement

This Agreement shall be taken effect when signed by the official representatives of the institutions and will remain in effect for an initial period of Five years and may be extended by mutual agreement in writing for additional five year period. Either party may terminate this Agreement with six (6) months written notice of intent to terminate.

Any modification shall require the written approval of the official representatives of each institution or their designees.

Report on Sale of Eco-friendly Ganesha

Mou/collaboration with: Green Waves

Title of the Activity: Student Training Sale of Eco-friendly Ganesha

Date of the Activity30th August, 2022

Brief Report

As a part of Eco Friendly initiative, Dharini Eco club in Collaboration with Green Waves Organization has put up a stall for sale of Eco friendly Clay Ganesha idols in our college campus to create awareness on Eco friendly idols. Enlightened the students and faculty on how bucket immersion of idols can protect our lakes from pollution there by avoiding the use of chemically made POP idols. The event was successful as it has created an impact of environmental consciousness among the people. The students of Environment Education course volunteered in the sale of the idols

Report on Internship with Institute of Genetics and Hospital for Genetic Diseases

Collaboration with Institute of Genetics and Hospital for Genetic Diseases

Start - End Date of collaboration : 15th June 2022- 15th July 2023

Duration of collaboration: One year

Date: 15th June -5th July 2022

Activity/event : Internship

Number of beneficiaries: 27

Students were provided observational case studies, where they learnt about clinical symptoms to diagnose the genetic syndromes and diseases

In addition hands on training was provided on different technical aspects in Clinical cytogenetics, Molecular Biology, Clinical Biochemistry, New born screening and Environmental toxicology.

Feed back by students reflected their ability to perform techniques for disease identifications followed by genetic counseling for victims and their relatives.

Their performance was also judged through a test for 20 marks conducted jointly by mentors finally evaluated by Director, who was highly responsible and kind enough to share the result analysis, where all of them score above 60 percent.

Waverock, Nanakramguda,
Hyderabad

18th Jan 2022
Madeeha Fatima
St. Ann's College for Women

Dear Madeeha,

We are pleased to welcome you to the DuPont Finance Early Careers Program in Performance Specialty Products (India) Private Limited (hereinafter referred as company).

As part of this Program, you would be working on projects around Finance focus areas in India and globally.

Due to the current situation of the pandemic, you will be working from your home location, Hyderabad and when offices open in the year 2022, you will be governed by the company policies of hybrid working.

Duration of your Internship Program is six months and during this tenure you will be reporting to Sunitha Dhara / Abhishek Chowdhury.

Your Stipend during this tenure will be INR 20,000 per month.

Your Internship with DuPont would start on 24th January 2022 and ends in July, 2022.

During this period, you shall be governed and bound by the service rules and regulations of the company and amendments that may be brought into force from time to time, Secrecy agreement, rules governing conduct, ethical guide and antitrust guides - <https://www.dupont.com/policy-and-ethics.html>

You will not divulge any information concerning the company or its activities, figures or any other information that may become known to you during your duties. On the completion of your internship, you shall promptly return any company property along with any information or documents belonging to the Company.

We would request you to acknowledge receipt of this letter and signify your acceptance of the terms of assignment by signing and returning the attached duplicate copy.

Yours sincerely,
Latha Nair
(India HR Director)

I confirm herewith that the terms and conditions set out in this letter and service rules and regulations are acceptable to me

St. Ann's College for Women an Autonomous Institution was established by the congregation of the sisters of St. Ann in 1981. St. Ann's is an institution oriented towards the cause of need-based education, aiming at optimum growth. At present, the college has the strength of over 2000 students and well-qualified staff members belonging to as many as 32 different departments. The college has been re-accredited with an 'A+' Grade by NAAC (3rd cycle) in the year 2018. The college has been declared a CPE by the U.G.C. It has been approved for the DBT Star college scheme from the academic year 2020-21 by Dept. of Biotechnology, Govt. of India.

Kristu Jayanti College, founded in 1999, is managed by "BOCHI NIKETAN TRUST", formed by the members of St. Joseph Province of the Carmelites of Mary Immaculate (CMI). The College is affiliated to Bangalore North University and is re-accredited with grade 'A+' in 2021 by NAAC in the Third Cycle of Accreditation. The college is recognized by UGC under the category 2(i) & 12(B). The College has been accorded Autonomous Status since 2013 by the University Grants Commission, the Government of Karnataka & Bangalore University. In the NIRF 2022 rankings, the college was placed among the top 150 colleges in the country and ranks as one of the five colleges from Karnataka. The programmes of School of Management are internationally accredited by the Accreditation Council for Business Schools and Programs (ACBSP, USA). The college was accorded DBT Star College status under the strengthening component by the Department of Biotechnology, the Ministry of Science & Technology and the Government of India.

Report on Student Development Program conducted in collaboration with Loyola Academy

Date: 26-08-2022

Venue: St. Joseph's Auditorium

Time: 9.30 Am - 4.00 PM

Target Audience: All B.Com. final-year students

Topic: SDP on Digital Transformation in Financial Services for Sustainable Development

Co-coordinator: Mrs. T. Anuradha, Mrs. N. Suma Reddy

In charges: All faculty members

Report: The Department of Commerce in collaboration with IQAC and the Department of Commerce Loyola Academy jointly organized SDP on Digital Transformation in Financial Services for Sustainable Development. The first session focused on blockchain and RPA Bots-Transforming banking services using blockchain technologies towards customer connectivity and value-added services. Session 2 focused on "FINTECH and the Future of Banking". The program helped the students understand the concept of digital transformation in the areas of finance and accounts, Cyber security and blockchain help to solve problems, etc. The program was really informative and students enjoyed the session thoroughly.

Outcome:

1. To gain insights into the digitalization of technology in financial services.
2. It creates awareness among the student fraternity against cyber-attacks through blockchain technology.
3. It helps students in upskilling knowledge of blockchain, and fintech technologies and a road map for their career progression in emerging technologies.

ST. ANN'S COLLEGE FOR WOMEN

St. Ann's College for Women, (Autonomous), affiliated to Osmania University was established in 1983, strives to nurture the student community a spirit of intellectual inquiry, integrating knowledge across disciplines. The faculty at St. Ann's is its most valuable resource that brings with it an incomparable set of skills and knowledge. In a short span the college has achieved success and recognition with two successive 'A' grades by NAAC and A+ in the third cycle and is designated as "College with potential for Excellence" (CPE) by the UGC in 2010 and 2014. The college is also rated among top 50 colleges in India by leading publications- The Week and India Today.

The Department of Commerce at the college, offers 7 undergraduate program options with specializations in Accounting, International Finance and Accounting (integrated program with ACCA) Computer Applications, Foreign Trade and Honors (Strategic Finance) (Integrated with US CMA), Business Analytics and Business Process Management Industry Integrated with TCS alongside a Master's program in commerce. The department with its motto of Quest for Excellence has always been in the forefront in introducing relevant academic programs, ability enhancement career oriented courses and several student centric activities with a multidisciplinary approach. To prepare our students to be industry ready, the students of B.Com Foreign Trade as part of partial completion of their degree are to pursue an mandatory 45 to 60 hrs of on job training, in related domains of Accounting, Finance, HR, FT, etc..

LOYOLA ACADEMY

Loyola Academy (LA), spacious eco-friendly campus with an excellent infrastructure, is managed and administered by the Catholic clergy, popularly called Jesuits of the Andhra Jesuit Province. They belong to the Society of Jesus (founded by St. Ignatius of Loyola), an International Catholic Religious Order. Loyola Academy was founded by Rev Fr T. Baliah SJ in 1976 in Alwal, Secunderabad, Telangana. UG programmes (1978) and PG programmes (1993) were started. Loyola Academy was granted autonomous status in 1991 for Degree courses and PG courses in 2010. Appreciating the achievements and qualitative pursuit of Higher Education needs, UGC awarded Loyola Academy "A College with Potential for Excellence" (CPE) in the year 2006. In addition to this, National Assessment and Accreditation Council (NAAC) accredited the college in the year 2005 and reaccredited in 2011 with an 'A' grade (3.50 out of 4.00 CGPA) and 2019 with an 'A' grade (3.20 out of 4.00 CGPA). National Institutional Ranking Framework (NIRF) ranked our College between 100-150 for successive years, 2017-18, 2018-19, and 2019-20. The school of Commerce, Loyola Academy, one of the oldest and largest departments in the college, has been serving for the last 25 years for its noble contribution to the commerce education and literature and abundant service to the student community. The department came into existence as an independent wing of the Loyola Academy with the launching of B.Com. Course in 1985. The department has been offering several streams of commerce courses of undergraduate. The school of Commerce provides high quality education since 1998 and currently 1600 students pursuing bachelor of commerce with diverse specialization like Accounting and Finance and Marketing. B.Com (Honors), B.Com (Honors), Strategic Finance, Business-Process Management, Computer applications, Business Studies and Business Analytics. Designed to enhance one's skill and knowledge in Commerce, Finance, and Management, Accounting and Economics and other related areas

ABOUT SDP

Technology provides many opportunities to do things better, but it also changes the business context in which it operates. Digital transformation in the areas of finance and accounts is fundamentally a change for which the business world is waiting for. Adoption of technologies such as Artificial Intelligence, Block chain, Cyber security, Digital Banking and Robotic Automation process in finance and accounts demands a major change among the people and process at almost all levels. Blockchain promises to solve this problem. "FINTECH" the buzz word around innovation in technology is a novel business model in emerging markets. The Block chain market is expected to reach USD 39.7 billion by 2025, at a growth rate of 67.3%, indicating the increased adoption of blockchain applications.

SDP OUTCOME:

1. To gain insights into digitalization of technology in financial services.
2. It creates awareness among student fraternity against cyber attacks through block chain technology.
3. It helps students in upskilling knowledge towards block chain, fintech technologies and a road map for their career progression in emerging technologies.

**Report on National Mathematics Day Competitions conducted in
collaboration with Loyola Academy Degree & PG College**

2022-23

Collaborating Partner:Loyola Academy Degree & PG College, Alwal, Secunderabad

Date: 14thDecember 2022

Event:Student Exchange National Mathematics Day Competitions – Student Presentations,
Math Quiz and Math-Olympiad

Beneficiaries:75 Participants

Mode: Offline

Venue:Loyola Academy Campus

Report:

Loyola Academy Degree and PG college, Alwal, Secunderabad in collaboration with St. Ann's College for Women, Mehdipatnam, Hyderabad and SQAC student Coordination has conducted competitions for students on the occasion of National Mathematics Day, 14th December, 2022 in the Loyola Academy campus.

Competitions such as Student presentation on "Role of Linear Algebra in Computational science", MATH-Quiz and Math-Olympiad were conducted for the Physical Sciences streams in which the students of all the years enthusiastically participated from Loyola Academy, St. Ann's College and St. Francis College.

The judges of this event were

Prof.

Dr. Nirmala Xavier,

Dr. Santhoshi Mishra,

St. Ann's College for Women

Autonomous), Affiliated to Osmania University
Accredited 'A+' Grade by NAAC (3rd Cycle)
Recognized with Potential for Excellence by UGC
ISO 9001: 2015-ISO 14001: 2015
Hyderabad- 500028, Telangana, India

The event started with the conduction of Math- Olympiad followed by the Student presentations and then the Math-Quiz which consisted of two rounds. Almost 75 students from all the three colleges attended the event.

The winners of the competitions are:

Student Presentations:

1st prize winner - Hira Fathima, St.Ann's College For Women

2nd prize winner - Loyola Academy

3rd prize winner - Nandini Pulipati, St.Ann's College For Women

Math-Olympiad:

1st prize winner - Kiran Nain, St.Francis College for women

2nd prize winner- Nagaraju , Loyola academy

3rd prize winner - Akshaya, St.Ann's College For Women

Math-Quiz:

1st prize winners - Kiranmayee, Niharika, Shailaja and Hira of St.Ann's College and Kiran Nain of St.Francis College

2nd prize winners - B.Nikitha, B.srinidhi, K.kaveri, O.malavika, G.akshaya from St.Ann's college for women

3rd prize winners - Ruchitha, Devi, Krithika, Pavani from St.Ann's college and a student of St.Francis college .

The event was very successful and memorable with a good collaboration between both staff and students. The students also had good feedback and wanted more collaborations in the future.

National level Student Competition – Infoquest’22

MoU with Mount Carmel College

Date of MOU:

Duration of MOU:

Date: 9.12.2022

Activity/event: National level student competition-INFOQUEST

Target Group : MBA I-II years

Report :

IQAC and Department of Business Management, St. Ann’s College for Women, Mehdiapatnam, Hyderabad in collaboration with Mount Carmel College, Bangalore organized a national level student competition “INFOQUEST’22” on 9th December 2022. The major aim of this program was to create an ecosystem of creativity and knowledge for the business management students. The chief patrons of the event were Dr. Sr. P. Amrutha, Principal, St. Ann’s College for Women, Dr. Sr. Arpana, Principal, Mount Carmel College, Dr. Smita Asthana, Dean Academics & IQAC Coordinator, St. Ann’s College for Women and Dr. S. Rajkumar, Dean, Faculty of Management Studies, Mount Carmel College, Bangalore. The event was conducted in a hybrid mode and included two competitions IN-QUIZ-ITORS, a business quiz and E-Poster making with the theme resurgence. Students from various colleges participated in this event and were awarded with certificates.

The program started at 9.30 a.m. with prayer and a prayer song. After the prayer, the audience was addressed with a speech by Dr. Nirmala Xavier, Dean, PG, St. Ann’s for Women. The Preamble of the event was declared by Dr. S. Rajkumar, Dean, Faculty of Management Studies, Mount Carmel College, Bangalore. The competition was declared open by Dr. A. Mary Francina, Director, Department of MBA, St. Ann’s College for Women. The event started with the E-Poster making competition where students from various colleges presented their E-posters on the theme ‘Resurgence’. The second competition of the event was a Business Quiz called IN-QUIZ-ITORS, which consisted of three rounds. The students showed great enthusiasm and creative thinking during the competitions. Finally the event came to an end with the declaration of the winners for both the competitions in a Valedictory Ceremony. The Valedictory Ceremony was addressed by Dr. Stanley Vincent, Member, Business Management Association, Mount Carmel College, Bangalore. Each student who participated in the event was awarded with a certificate.

1. MoU with Med Converge Healthcare Services Pvt Ltd.
2. **Activity/Event:** Medical Coding Course
3. **Duration of the Activity:** July to October & December to April
4. **No. of Participants:** 30
5. **Nature of the Activity:** Department Specific Skill Enhancement Course

Report:

Introduction:

Medical Coding Course, a specialized training program designed to equip students with the skills and knowledge necessary for a career in medical coding. Medical coding is a crucial component of the healthcare industry, as it involves the translation of medical diagnoses, procedures, and services into standardized codes for billing and insurance purposes.

Objectives of the course:

To provide a comprehensive understanding of medical coding guidelines, principles, and techniques, train students in the use of coding systems, such as ICD-10, teach students how to accurately translate medical records into appropriate codes and prepare students for certification exams, such as Certified Professional Coder (CPC) or Certified Coding Specialist (CCS).

Instructors and Resources:

The course was taught by experienced instructors with extensive knowledge of medical coding practices. They provided valuable insights, guidance, and support throughout the course.

Additionally, students had access to a range of resources, including textbooks, coding manuals, online databases, and coding software.

Assessment and Certification:

To gauge the students' understanding and proficiency in medical coding, regular assessments, quizzes, and coding exercises were conducted throughout the course. These assessments helped track individual progress and identify areas for improvement. At the end of the course, a final examination was administered to evaluate overall comprehension.

Upon successful completion of the course, students received a certificate of achievement. This certificate can be beneficial for those seeking employment opportunities in medical coding or planning to pursue national certification exams like CPC or CCS.

Student Feedback and Outcomes:

Feedback from students who participated in the Medical Coding Course has been overwhelmingly positive. Many highlighted the following key outcomes:

Enhanced understanding of medical terminology and coding systems.

Improved accuracy and efficiency in translating medical records into codes.

Increased confidence in preparing for certification exams.

Networking opportunities within the healthcare industry.

Conclusion:

The Medical Coding Course offered by the department has proven to be a valuable and comprehensive program for individuals interested in pursuing a career in medical coding. The course structured curriculum, experienced instructors, and practical exercises have contributed to the success and satisfaction of its participants. As the demand for skilled medical coders continues to grow, this course equips students with the necessary knowledge and skills to excel in this important healthcare field.

DETAILS OF LINKAGE ACTIVITIES

2022-23

Activity: Two Day workshop on Mushroom Cultivation(Under DBT Star College Scheme)

Organisation: S Mushroom Agritech

The Level: Skill Development & Entrepreneurship Program

Date of the activity: 14th & 15th Oct 2022

Number of participants: 41

Report

A two day workshop on Mushroom Cultivation was organized by Departments of Microbiology, Biochemistry & Genetics in collaboration with "S" MUSHROOM AGRITECH, under DBT star college scheme, on 14th & 15th of October 2022. Dr. K Prasuna was the resource person of the workshop and proprietrix of S Mushroom Agritech.

The main objective of the workshop was to provide participants with hands on training on mushroom cultivation & to develop a business startup on mushroom cultivation. Students of B.Sc 2nd year MCZ, MCB, GCM & BBC have participated in the workshop.

Mushrooms are valued as nutritious and delicious food and also possess medicinal properties including anti-cancer and anti-HIV activities.

Small farmers and landless workers constitute major fraction of mushroom cultivation. Mushrooms are short-duration crop with high yield per unit time. Mushroom production provides an ideal opportunity for conversion of agro-waste into wealth, quality food and organic manure. Mushroom being an indoor crop provides vast opportunities for empowering rural and urban women through cultivation, production of value-added products and marketing. It also provides vast opportunities for unemployed youths to take up mushroom cultivation and marketing.

The process of mushroom cultivation was as follows,

1. The raw materials used for cultivation of mushroom was paddy straw or wheat straw. Wheat straw is more preferred because it has more nutrition.
2. The straw is soaked in a drum with lime water for 24 hours. The ratio is 125g per 50 litres. This is done to remove impurities.
3. Then the straw is removed and dried. Drying can be done in natural way by sun drying or in artificial way by using the drier machine. The moisture content after drying should be less than 10 percent.

4. Different mushrooms like Oyester mushroom or milky mushroom have slightly different drying techniques.
5. After the straw is ready is it made into bags along with spawn for mycelium growth.
6. In a cylindrical plastic bag a bottom layer of straw is kept above which the beads like spawn are added which are then again covered with straw and again with beads. Continue till the top of the bag.
7. The bag is tightly tied using a rubber band and then placed in a dark and moist place for the mycelium growth.
8. After mycelium grows they are transferred into a light room with some holes made on the plastic bag for the growth of mushrooms.
9. For Oyester mushrooms a special step called casing is done which is to intimate the process of mushroom growing. This is where the nutrient deficit soil and cockpit are mixed and applied at the top.
10. After the mushrooms are large enough they need to be plucked. From each bags 2-3 crops can be harvested.

Title: Two day Awareness activity on Superbugs & AMR

Organisation: Super Heroes against Superbugs(SaS)

The Level: Extension activity

Dates: 24th & 25th April 2023

Report

Antimicrobial drug resistance is considered to be the booming topic in the field of medical sciences. Drug resistance could be due to misuse, overdose, and abuse and over the counter usage of antibiotics. Superbugs and super heroes was the theme brought in light by esteemed team of center for cellular and molecular biology (CCMB). St Ann's college for women has provided platform for the outreach committee of CCMB to organize various events such as mural painting, science skit and quiz.

We had a inauguration session by eminent scientist from LV Prasad eye institute Dr.Sisinthi Shivaji who gave a great talk on causes of drug resistance and their consequences.

3. Date of the Activity: 21 st to 26 th November 2022(1 week)
- 4.No. of Participants:34
5. Nature of the Activity: Student Exchange Program with Dept. of Microbiology, St.Pious X Degree & PG College for Women.

Report

Department of microbiology ST Anns college for women in collaboration with ST Pious college has conducted a short-term exchange program.

In this event, seven-day hands on training programme was conducted in field of biochemistry and biochemical techniques

Inaugural Session & Keynote address was given by Dr. Mir Zahoor Gul

Hands on sessions were carried out by Ms Sylaja Head Dept of Biochemistry and Ms Ch Jyothi Head Dept of Microbiology in–

- ✓ Preparation of standard solutions and reagents
- ✓ Concept of Qualitative analysis of Carbohydrates
- ✓ Hands on session - Analysis of amino acids
- ✓ Concept of Beer lamberts law & hands on session on verification of Beer lamberts law
- ✓ Paper chromatography
- ✓ Concept of preparation of standard solutions and reagents
- ✓ Hands on session - pH: Using universal pH indicator, Natural indicators, pH paper & pH meter
- ✓ Concept of- Analysis of amino acids
- ✓ Concept of absorption maxima & Determination of λ max
- ✓ Hands on session - thin layer Chromatography
- ✓ Hands on session - Qualitative analysis of Carbohydrates
- ✓ Concept of buffer & Hands on session on Buffer preparation
- ✓ Concept of Separation techniques- TLC & Paper chromatography

Medconverge

1. MoU with Med Converge Healthcare Services Pvt Ltd.
2. **Activity/Event:** Medical Coding Course
3. **Duration of the Activity:** July to October & December to April
4. **No. of Participants:** 30
5. **Nature of the Activity:** Department Specific Skill Enhancement Course

Report:

Introduction:

Medical Coding Course, a specialized training program designed to equip students with the skills and knowledge necessary for a career in medical coding. Medical coding is a crucial component of the healthcare industry, as it involves the translation of medical diagnoses, procedures, and services into standardized codes for billing and insurance purposes.

Objectives of the course:

To provide a comprehensive understanding of medical coding guidelines, principles, and techniques, train students in the use of coding systems, such as ICD-10, teach students how to accurately translate medical records into appropriate codes and prepare students for certification exams, such as Certified Professional Coder (CPC) or Certified Coding Specialist (CCS).

Instructors and Resources:

The course was taught by experienced instructors with extensive knowledge of medical coding practices. They provided valuable insights, guidance, and support throughout the course.

Additionally, students had access to a range of resources, including textbooks, coding manuals, online databases, and coding software.

Assessment and Certification:

To gauge the students' understanding and proficiency in medical coding, regular assessments, quizzes, and coding exercises were conducted throughout the course. These assessments helped track individual progress and identify areas for improvement. At the end of the course, a final examination was administered to evaluate overall comprehension.

St. Ann's College for Women
(Autonomous), Affiliated to Osmania University
Accredited 'A+' Grade by NAAC (3rd Cycle)
College with Potential for Excellence by UGC
Hyderabad- 500028, Telangana, India

Upon successful completion of the course, students received a certificate of achievement. This certificate can be beneficial for those seeking employment opportunities in medical coding or planning to pursue national certification exams like CPC or CCS.

Student Feedback and Outcomes:

Feedback from students who participated in the Medical Coding Course has been overwhelmingly positive. Many highlighted the following key outcomes:

Enhanced understanding of medical terminology and coding systems.

Improved accuracy and efficiency in translating medical records into codes.

Increased confidence in preparing for certification exams.

Networking opportunities within the healthcare industry.

Conclusion:

The Medical Coding Course offered by the department has proven to be a valuable and comprehensive program for individuals interested in pursuing a career in medical coding. The course structured curriculum, experienced instructors, and practical exercises have contributed to the success and satisfaction of its participants. As the demand for skilled medical coders continues to grow, this course equips students with the necessary knowledge and skills to excel in this important healthcare field.

Report on Techtopia Event in Collaboration with Patna Women's College (Autonomous), Patna, Bihar

MOU with Patna Womens

Date: 20th & 21st March 2023

Event: Student Exchange : Techtopia

No. of Beneficiaries: 300 Students

Report:

St. Ann's College for Women in collaboration with Patna Women's College organized a 2-day event "Techtopia" filled with competitions and activities for students innovating with technology. The event included,

1. Webinar Competition
2. Training session on LaTeX
3. Short film on Innovation and Impact of Technology on Women Entrepreneurs in India
4. Doodle Competition on e-waste hazards and disposal
5. Infographics on applications of Artificial Intelligence

The event aimed to encourage students to create high quality documents for research and publications using LaTeX. More than 300 students from various colleges participated for the multiple competitions.

St. Ann's is an Institution oriented towards the cause of value-based education, aiming at optimum growth. Ever since its inception, the college has had the distinction of excelling in academics, research, and extracurricular activities. It has, within a short period, secured a reputation as being one of the best colleges in the state of Telangana. The college envisions empowerment of the girl student through academic excellence, skill enhancement and value enrichment.</p> <p>At present, the college has the strength of over 3200 students and well-qualified staff members belonging to 32 different departments. The college has been re-accredited with 'A+' Grade by NAAC (3rd cycle) in the year 2018 and has been declared as a "College with Potential for Excellence" (CPE) by the U.G.C. It has been approved for DBT Star college scheme from the academic year 2020-21. The college has also established an Institution Innovation Council (IIC) in 2019 and has received 3.5 star rating for the year 2021-22.</p> <p align="center">About Patna Women's College</p> <p>Patna Women's College, the first college for women in Bihar was established in 1940. The college trains the students in the academic field and provides ample opportunities for them to learn creative arts, social service, environmental awareness, leadership quality and value-based personality development. Patna Women's College has completed three cycles of accreditation by National Assessment and Accreditation Council (NAAC) with an 'A' grade with a Cumulative Grade Point Average (CGPA) of 3.58 out of 4 and has been rated by NAAC as one of the highest performing institutions in India. The college also has 'College with Potential for Excellence (CPE)' status accorded by UGC.</p> <p>In January 2018 Patna Women's College was conferred Autonomous status by UGC. The College has also been awarded the status of Star College by DBT, Govt. of India. The College has achieved 1st rank in Arts and 3rd rank in Science in the Eastern Zone in the India Today NORA Best College of India Survey, 2022. The College provides holistic education through UGC approved 28 undergraduate degree programmes in all the major streams of Humanities, Education and Science, 10 Post Graduate degree programmes and 4 Post Graduate Diploma programmes.</p>	<p align="center">DAY 1</p> <p align="center">Tech Writing using LaTeX</p> <p>You can learn technical writing using LaTeX. - **Report on internship with 7S technologies .**

The Department of Physics and Electronics has organized an internship programme for the of I year MPCs and MECs on **Making of decorative lights using Fibre optic** with 7S Technologies, on November 26th & 27th 2022. **List of students : 3**

S.No	Name	HT.NO	Group	Contact No.
1	K.Shivani	120422474014	MECs	9397831473
2	Alisha	120422474017	MECs	9642295127
3	Sandhya	120422468017	MPCs	7569406630

Event-2: Cluster college collaboration -Intercollegiate Technical fest

St. Ann's College for Women
(Autonomous), Affiliated to Osmania University
Accredited 'A+' Grade by NAAC (3rd Cycle)
College with Potential for Excellence by UGC
ISO 9001: 2015-ISO 14001: 2015
Hyderabad- 500028, Telangana, India

No. of beneficiaries : 77

● **Report on Technovation with 7S technologies .**

Objectives:

- To motivate the students to opt for Physics and Electronics at a higher level leading to "Athma nirbhar Bharath"
- To showcase the electronics projects and encourage the students of Undergraduate level to get motivated in higher education

Summary and Outcome

The students of II & III year Physics and Electronics were given an opportunity to display their innovative projects which were evaluated by the Industrial experts. As cluster college online event the students of various colleges were brought on a single platform to share their ideas and knowledge

College with Potential for Excellence by UGC
ISO 9001: 2015-ISO 14001: 2015
Hyderabad- 500028, Telangana, India

St. Ann's College for women, Department of Physics and Electronics was given an internship opportunity by Soham academy of human excellence for all students in the field of applications of Robotics in real life.. After successful training, they were allotted various Government schools all over Hyderabad including few villages like Domakonda, Siddipet and in city outskirts for an outreach program. The students of classes of 8th, 9th and 10th were given an intense demonstration of 21 robotics experiments. 27 students of St. Ann's college who actively participated in this outreach program received a stipend of 1200 per school and transportation, meals for the day were supplied by the academy itself free of cost.

Event-4: Collaboration with Soham academy -Training on Robotics

No.of beneficiaries : 9

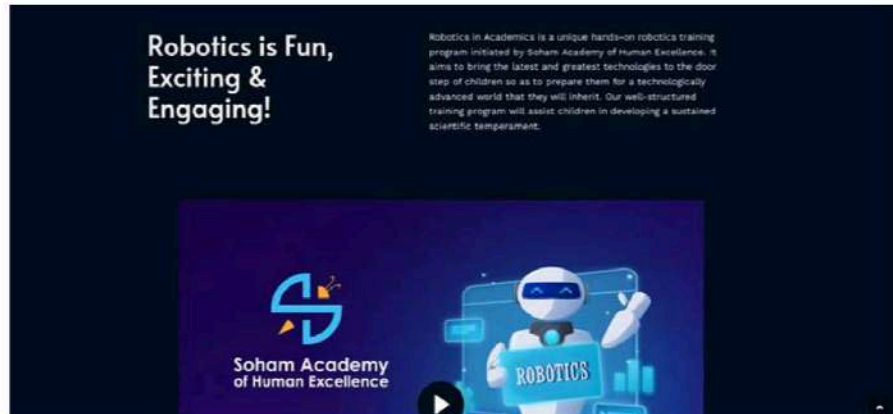

Robotics in Academics is a unique hands-on robotics training program initiated by Soham Academy of Human Excellence. It aims to bring the latest and greatest technologies to the door step of children so as to prepare them for a technologically advanced world that they will inherit. Our well-structured training program will assist children in developing a sustained scientific temperament.

The academy works with large multinational organizations to train students of Government schools in Robotics. We have trained over 3500 students across several high schools in the

Report on Electronics Workshop Conducted in collaboration with St. Francis College for Women

2022-23

Collaborating Partner: St. Francis College for Women, Begumpet

Date: 13th & 14th September 2022

Event: Workshop on Electronics Instrumentation- Student Exchange

Beneficiaries: 21 Students

Mode: Offline

Venue: St. Ann's College for Women Campus

Report:

Student exchange Workshop on ELECTRONICS INSTRUMENTATION

DATE AND VENUE:

The training workshop took place on 13th and 14th September 2022 at Mechanics lab in St Ann's degree college, Mehdiapatnam.

TRAINING TEAM:

The members of the training team were Mr. Venkateswarulu, M.D., Techno Systems (Manufacturer/Supplier/Distributor), Alkapuri, Near RK Puram, Hyderabad-500102

St. Ann's College for Women

(2), Affiliated to Osmania University
'A+' Grade by NAAC (3rd Cycle)
High Potential for Excellence by UGC
ISO 9001: 2015-ISO 14001: 2015
Hyderabad- 500028, Telangana, India

OBJECTIVE:

To familiarize the students with electronic instruments.

The Department of Physics & Electronics, St. Ann's College for Women in Collaboration with IQAC, St. Ann's College for Women and Department of Physics and Electronics, St. Francis College for Women, Begumpet organized an Electronics Instrumentation Workshop on 13th and 14th September 2022 at The Physics and Electronics labs of St. Ann's College for Women, under the MoU guidelines.

13 students of St. Ann's College for Women and 8 students from St. Francis College for Women, Begumpet participated in the Workshop.

The working of various devices like AC lamp control using Triac, Digital Voltmeter, Fridge stabilizer etc were explained. Different parts and components of the devices were explained to the students and students could hands on check out these devices..

First device: Integrated chip consisting of regulator (7812-positive and 7912 - negative), Capacitors of 1000 and 1 micro farad. Students were taught about transformers, diodes etc.

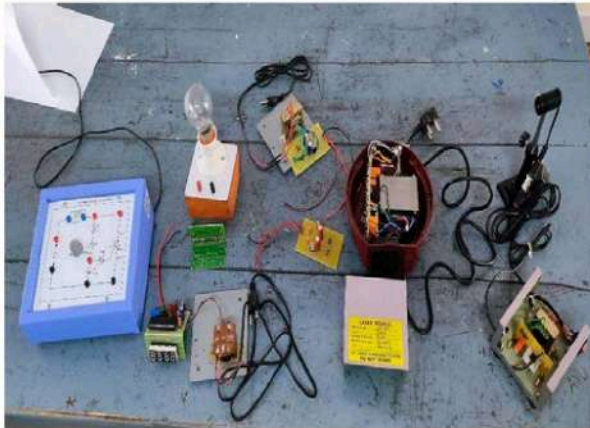

Second device: AC lamp control using Triac. The demo was given to students and the students learnt about alternative current and direct current supply.

Third device: digital volt meter which is used to measure the fixed voltage. The parts of the volt meter was shown.

Fourth device: LED lasers of wavelength 650nm.

**Report on Technovation -An Online Live Demonstration Cum Competition
in Physics & Electronics Fields in Collaboration with St. Francis College
for Women and Bhavan's Vivekananda College.**

MOU with St. Francis College for Women

Date: 09-MAR-2023

Mode: Online

Event: Technovation -An Online Live Demonstration Cum Competition in
Physics & Electronics Fields

Activity: Student Exchange – Research Project Work

Co-Ordinator: 1. Prof D. Karuna Sagar Head, Dept of Physics and Electronics
Osmania University
2. Mr.P. Chandra Shekhar, MD 7S technologies

Targeted Audience: II & BSc MPCs & MECS

Participants: 77 Participants from various UG colleges

Objectives:

- To motivate the students to opt for Physics and Electronics at a higher level leading to "Athmanirbhar Bharath"
- To showcase the electronics projects and encourage the students of Undergraduate level to get motivated in higher education
-
- **Summary and Outcome**

The students of II & III-year Physics and Electronics were given an opportunity to display their innovative projects which were evaluated by the Industrial experts. As cluster college online event the students of various colleges were brought on a single platform to share their ideas and knowledge

Lunch			
III	Medicinal values of plants	1.00p.m - 2.00 p.m.	Dr. Y. Raheal Ratna Kumari
	Valedictory	2.00p.m – 3.00 p.m.	

Key points covered in each session

Day-1 5.12.2022

Session I: Identification of Medicinal plants

This session was basically about the characters used to identify medicinal plants.

Correct identification of the medicinal plants that is used for the preparation of a medicine in traditional medicinal systems like ayurvedic, folk and herbal is very important. The main features required to identify a medicinal plant is its leaf shape, color and texture. Color and texture are the deterministic parameters to identify the species.

Session II: Cultivation of Medicinal plants

This session was mainly on cultivational techniques of medicinal plants

Large scale production of plants with medicinal values is really a challenging task. This session mainly focused on the cultivational of plant part specific cultivation of medicinal

plants, like rhizome cultivation(eg. Curcuma, Zinger), fruit (Amla, Black berry) leaf (Aloe vera, Tulasi) Bark plants (Cinnamon)

Session III : Secondary Metabolites

This session was mainly on an array of secondary metabolites produced by plants.

Plants produce a wide diversity of secondary metabolites which serve them as defense compounds against herbivores, and other plants and microbes, but also as signal compounds. In general, secondary metabolites exhibit a wide array of biological and pharmacological properties. Because of this, some plants or products isolated from them have been and are still used in treating different diseases. In this session few plants with their specific secondary metabolites and their healing properties were dealt.

Day-2 6.12.2022

Session I: Post-harvest management

This session was mainly on the post harvest management.

Post harvest maintenance and management is a crucial aspect in plant pharmacognacy.

Different plant parts such as roots, rhizomes, bulbs, bark, leaf, fruit and seeds are collected, processed and used in preparation of herbal drugs. Techniques and time to harvest varies with the species and plant parts. General guidelines about technique and time of harvest for different plant parts were discussed.

Session II : Adulteration of plant drugs

This session was mainly on adulteration of plant drugs

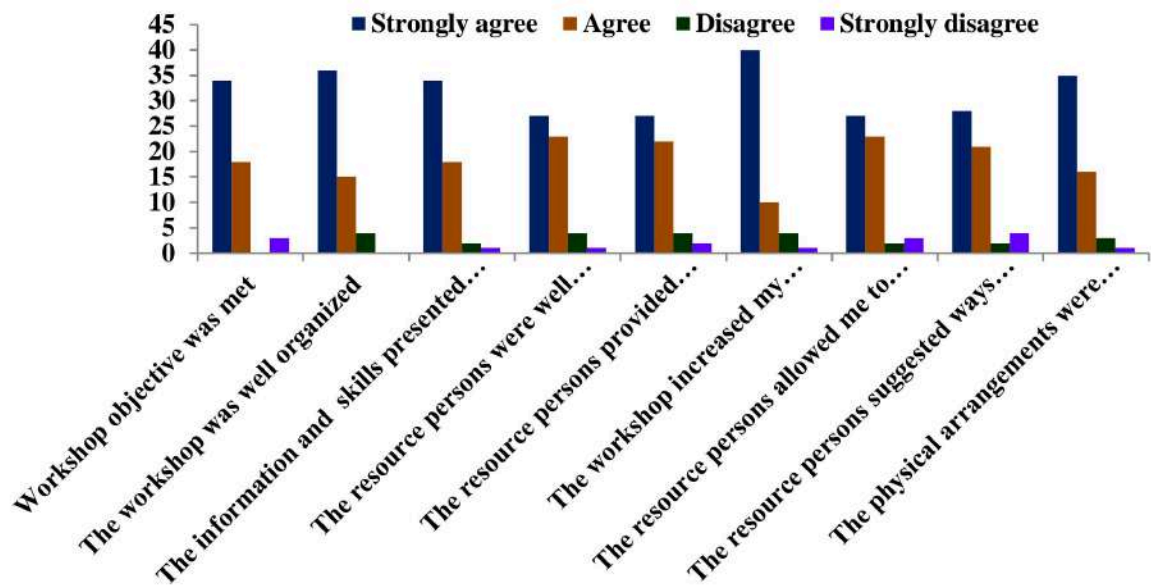

Herbal adulteration is one of the common malpractices in herbal raw- material trade. Adulteration is described as intentional or unintentional substitution with another plant. In this session identification of genuine medicinal plant part and types of adulteration was dealt.

Session III : Medicinal values of plants

Medicinal values of around 30 very important medicinal plants was the main subject matter of this session.

St. Ann's College for Women
(Autonomous), Affiliated to Osmania University
Accredited 'A+' Grade by NAAC (3rd Cycle)
College with Potential for Excellence by UGC
ISO 9001: 2015-ISO 14001: 2015
Hyderabad- 500028, Telangana, India

Report on INTERNSHIP AT VARIANT GENETICS PVT. LTD.
in Collaboration with VARIANT GENETICS PVT. LTD

MOU with VARIANT GENETICS PVT. LTD

Date: JUNE 17TH 2022 TO JULY 1ST 2022

Event: INTERNSHIP AT VARIANT GENETICS PVT. LTD

Activity: Internship

Duration: 15 Days

No. of Beneficiaries: 8 Students

Report:

8 students attended the hands-on internship at Variant Genetics Pvt. Ltd. In Secunderabad held from June 17th to July 1st 2022. The topics covered were genomics and bioinformatics. Students learned to isolate and interpret genomic DNA, run PCR and analyze sequencing products among other things. Basic molecular biology techniques were taught in-depth by Dr. M. C. Vanaja and Dr. Anjana Nanda. The duration of the internship was 15 days and the timings were from 9am to 4pm.

Dear Srilaya,

Greetings from LEAD India.

Congratulations!

We are happy to inform you that from the total of 646 applicants, you have been confirmed to participate in the program "Youth Engagement in Leadership and Action", the joint initiative of LEAD India and American Embassy, Delhi. You will join more than 75 other cohort members throughout the country on this journey of 'Self to Service'.

We are excited for the possibilities that those await for us in the coming future as we engage with it

Hyderabad- 500028, Telangana, India

together. The program is expected to kickoff in the 2nd week of February 2021.

Please be informed of the following:-

- You commit to attend:
 - **3 Plenary sessions** per week placed on Thursday, Friday and Saturday post 6pm on Zoom Platform, where we will participate with the complete batch. These will be mandatory input sessions covering varied elements of Leadership and specific theme-based knowledge modules. These sessions have been slotted on consecutive days to ensure continuity and provide enough time for you to reflect and attend to any offline tasks assigned.
 - **Group sessions** every week (group of around 15), these sessions are to ensure the learning and the application of learning is taking place. These will be semi-formal close group meetings with a learning facilitator from the LEAD team, to help you track your own leadership journey and assimilation of theoretical inputs.
 - **Bonding session** once a month where we meet as a large group, an opportunity for deepening connections.
- **Social action project:** as you know this is an integral component of the project where you will need to undertake an intervention for COVID response around a thematic area of your interest. This will be collaboratively designed with LEAD India, which will be done during the group sessions with your learning facilitator. A project that is possible to be undertaken alongside your other regular engagements and activities, and to be completed by **October 2021**
- **Showcasing** of the project towards the end of **October or November 2021**

We will let you know the exact dates shortly. If you foresee that you may not be able to attend or commit for the program, please write to us at the earliest, for we must give the place to others who are shortlisted.

Looking forward to your response.

Thanks, and Regards

Kanishka

to me

Dear Dr.Tasneem,

As you know that World Wetland Day is celebrated annually on 2 February which aims to raise global awareness about the vital role of wetlands for people and the planet. Nearly 90% of the world's wetlands have been degraded and we are losing wetlands three times faster than forests. World Wetlands Day is the ideal time to increase people's understanding of these critically important ecosystems. This year's theme is **"It's Time for Wetlands Restoration,"** which highlights the urgent need to prioritize wetland restoration.

Therefore ZSI,Hyderabad is organising deliberation on the Topic **"It's Time for Wetlands Restoration,"** by by Shri.Achalender Reddy, IFS & Chairman of National Biodiversity Authority on 17th February 2023, Friday from 12.30pm to 1.30 pm at FBRC,ZSI,Attapur for the students of Zoology,.Please send 15 students who are really interested to attend and gain knowledge from this discussion.

Thanking You

Yours Sincerely

Dr.Deepa Jaiswal

Report on Field Visit to ZSI

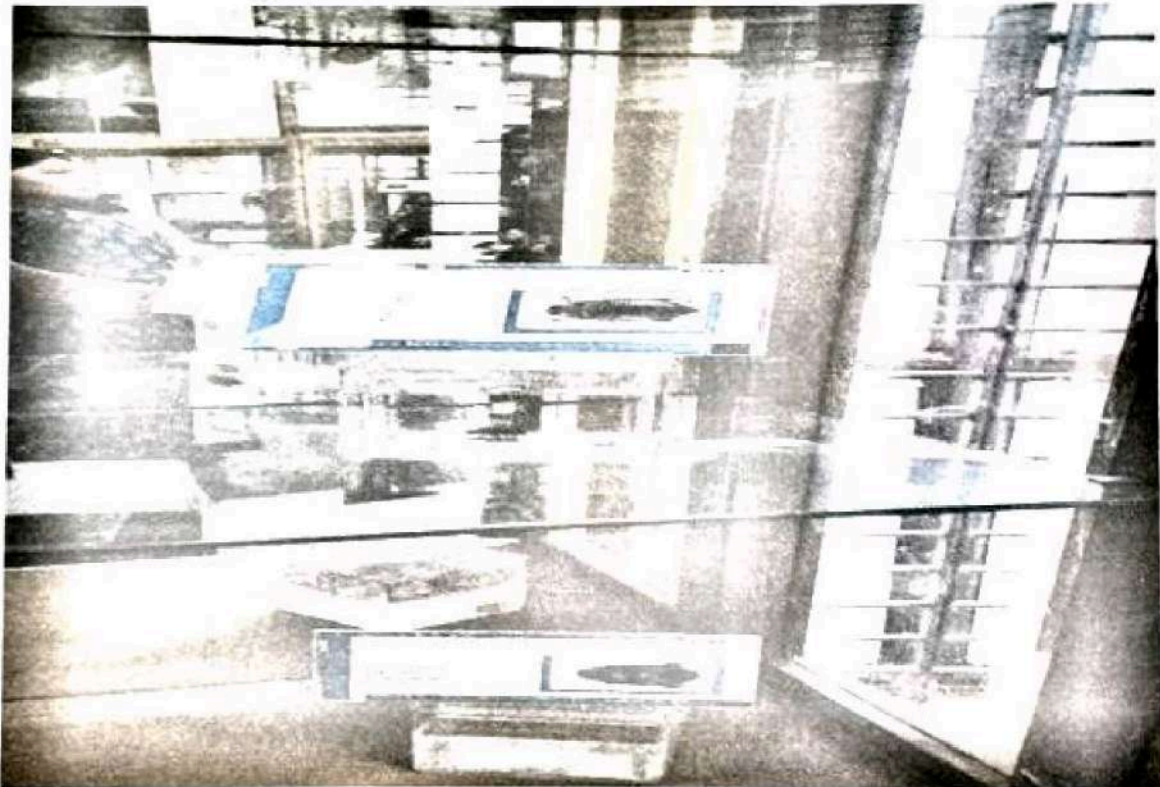

(Zoological Survey of India)

2022-23

Report

The second Year B. Sc Students of St. Ann's College for Women visited the Zoological Survey of India - (Freshwater Biological Regional Centre), located at Attapur, Hyderabad on 17th February 2023, from 12.30pm to 3.30 pm. We were present for the Inaugural Ceremony of the Regional Museum of Zoological Survey of India. The **Chief Guest** of this programme was **Shri Adhar Sinha IAS**, Director General (EPTRI) & Special Chief Secretary, Government of Telangana; **Dr. P.V.Prasanna**, Scientist-G, Botanical Survey of India, Hyderabad; **Dr. Siddhanad Kukrety IFS**, Additional Principal Chief Conservator of Forests (Prod.), Government of Telangana; **Shri A. Shankaran**, Deputy Conservator of Forests (Retd.) OSD (Wildlife), Government of Telangana. On the occasion of World Wetland Day is celebrated annually on 2 February which aims to raise global awareness about the vital role of wetlands for people and the planet. Nearly 90% of the world's wetlands have been degraded and we are losing wetlands three times faster than forests. World Wetlands Day is the ideal time to increase people's understanding of these critically important ecosystems. This year's theme is "**It's Time for Wetlands Restoration**," which highlights the urgent need to prioritize wetland restoration. It was a wonderful session taken by the guest of Honour and Scientists of ZSI about the importance and significant need of protecting wetlands and to identify RAMSAR sites of India. The esteemed guests also visited the museum along with the students and spoke about the importance of Digitized Museums in this day and age of online learning. The museum had specimens of Mammals, Aves, Reptiles, and Amphibians, Insects etc. They plan to conduct tour guided sessions for students of different educational institutions and also plan to introduce internships for interested students. These visual specimens once viewed will be stored in the memory for a long time and inspires students to learn more about them. The students and the teachers also received a memento for attending this event. We are extremely grateful to our professors Dr. Tasneem Jahan, Dr. Poonam Dev and the Department of Zoology for allowing us to be a part of this insightful session.

Mou/collaboration with: Green Vitro Agribiotech

Start- End Date of the MOU : 2017- 25

Duration of MOU : 8 years

Title of the Activity: Field trip to Plant tissue culture lab.

Date of the Activity: 15-10-2022

Brief Report

Field visit was organized on 15th October, 2022 to Green vitro Agribiotech, Jeedimetla, Hyderabad. IIBBC students accompanied by one of the faculty members visited the labs and the field. They were permitted to visit labs and green house and gained skills towards callus culture in lab and hardened banana plants. Students were enthusiastic in approaching the labs and made clarifications on basic measures taken to establish a plant tissue culture lab. This field visit was successful to students for acquiring basic knowledge on plant biotechnology.
